## **Section 1: Introduction**

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- Publish the classes of information they make routinely available
- Tell the public how to access the information and what it might cost

Battlefield Surgery has adopted the Model Publication Scheme 2014 produced by the Scottish Information Commissioner. The scheme has the Commissioner's approval until 31 May 2018. An update will follow.

You can see the model publication scheme on the Commissioner's website at [www.itspublicknowledge.info/mps](http://www.itspublicknowledge.info/mps) or by contacting us at the address provided below.

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class
- state what charges may be applied
- explain how you can find the information easily.
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published.

**Charges for information which is not available under the guide**

The charges for information which is available under this guide are set out under Section 8 – Our Charging Policy. Fees for information that is not available under this guide are outlined in The Freedom of Information (Fees for Required Disclosure) (Scotland) Regulations 2004. If you submit a request to us for information which is not available under the Model Publication Scheme 2014 the charges will be based on the following calculations:

*General information requests*

- There will be no charge for information requests which cost us £100 or less to process.
- Where information costs between £100 and £600 to provide you may be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50, calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.
- We are not obliged to respond to requests which will cost us over £600 to process.
- In calculating any fee, staff time will be calculated at actual cost per staff member hourly salary rate to a maximum of £50 per person per hour.

- We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. Charges may be made for locating, retrieving and providing information to you.
- In the event that we decide to impose a charge we will issue you with notification of the charge (a fee notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

#### *Charges for environmental information*

We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released.

In the event that we decide to impose a charge we will issue you with notification of the charge and how it has been calculated. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges are calculated on the basis of the actual cost to the authority of providing the information.

- Photocopying is charged at 50p per A4 sheet for black and white copying
- Postage is charged at actual rate for first class mail.
- Staff time is calculated at actual cost per staff member hourly salary rate to a maximum of £50 per person per hour.

The first £100 worth of information will be provided to you without charge.

Where information costs between £100 and £600 to provide you will be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50 calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.

Where it would cost more than £600 to provide the information to you, however, we will ask you to pay the full cost of providing the information, with no waiver for any portion of the cost.

#### **Requests for your own personal data**

While you cannot request personal data under the FOISA you are entitled to request your own personal data under the DPA. Under the DPA you can request your personal information from Battlefield Surgery. We reserve the right to charge a maximum of £50 for requests for an individual's own personal information if this information has previously been provided. This will be payable should you have requested the information from us before. Current GDPR rules will apply.

#### **Section 14 – Classes of information**

Our intention is to publish as much information as possible through our guide to information, where there is known to be public interest. We publish information that we hold within the following classes:
