ORDERING YOUR PRESCRIPTIONS

We are no longer taking prescriptions request over the telephone. If you would like to order a prescription you can do this in person or by posting the right side of your prescription clearly marked with the required items to the practice. We can still send your prescriptions electronically to a pharmacy of your choice which means you will no longer need to collect it from the surgery simply go to your chosen pharmacy 48 hours after ordering it and you can collect your medication.
