

UNDER 16? WORRIED YOUR DOCTOR MAY TELL?

We provide a confidential service to all our patients, including under 16s. This means that you can tell others about your visit, but we won't.

The only reason why we might have to consider passing on confidential information without your permission, would be to protect you or someone else from very serious harm.

We would always try to discuss this with you first.

Doctors and nurses are trained to help you with your health and emotional concerns.

You can talk with them, you can ask them questions, and they can check out what worries you...

That's their job!

DID YOU KNOW YOU CAN BE SEEN ON YOUR OWN ?

Even if you are under 16yrs your doctor or nurse will be happy to see you

- on your own
- with a friend
- with an adult – you choose!

You can also ask to see a particular doctor or nurse, male or female.
