PPG/VPRG Members

	Male	Female		Under 18	18 - 64	65+
	14	15		1	16	12
% of Total Members	48%	52%	% of Total Members	1%	55%	41%

As you will see, proportionally the percentage of Male and Female patients in our PPG/VPRG is in line with the Practice population and we have a healthy range of ages in attendance.

Ethnicity Profiles

Practice Population

Total Population	10970
No. who consider themselves to be an Ethnic Minority	126
% of Total Practice Population	1%

PPG/VPRG

Total Members	29
No. who consider themselves to be an Ethnic Minority	1
% of Total Members	3%

Again, this shows that proportionally, our Practice Population is reflected within the PPG/VPRG

Carer Profiles

Practice Population

Total Population	10970
No. who consider themselves to be a Carer	115
% of Total Practice Population	1%

PPG/VPRG

Total Members	29
No. who consider themselves to be a Carer	0
% of Survey Responses	0%

Although we have no Carers on our PPG/VPRG, this is not unusual as most Carers have very limited time due to the pressures of caring for a relative alongside work and/or their own families.
