Kenneth Houghton  
Andrew Lynn  
Patricia Lynn  
David Peat

Gillian Peat  
Robert Stocks  
Graham Harris  
David Woodard

Apologies:

Jenni Dobson

Lea-anne Woods

Meeting Minutes

1. **PCN – Social Prescriber – Lee-anne Woods**

not able to attend – SM sent details for next meeting to attend.

2. **Health and Wellbeing Coach Update**

Michelle gave an overview of service

The Surgery now has a Health and Wellbeing coach as part of the PCN. Her name is Michelle, and she can help with various issues affecting your lifestyle such as diet, exercise, issues around diabetes and pre-diabetes, weight loss, menopause and mobility. You can either be referred once you've seen a clinician or you can self-refer.

Michelle will contact you shortly after that.

We are shortly commencing with a 12 week pre-diabetes program where we are targeting those patients who have had a diagnosis of pre-diabetes across the PCN and offering group sessions to help them gain a better understanding of their diagnosis and what they can do to decrease their chances of developing diabetes.

We have arranged for the patients for the initial group to attend already but we will run programs one after another throughout the year.

3. **Dr Jaiveloo – Update of Building extension**

Dr Jaiveloo gave a brief update on the building extension plans and showed the group a diagram of the plans. He explained that he is currently gaining quotes, and then we will be applying for help with funding from the Integrated Care Board.

4. **Update on GP's**

Sue explained that since Dr Jaiveloo has returned the surgery has retained some of the locums that covered whilst Dr Jaiveloo had been on sick leave.

We now have an extra GP each day of the week, so more access for patients than ever before.

We now have, Dr Vakkund, Dr Obesaki, Dr Sivarajan, Dr Thoufeeq, Dr Humble and a new GP starting next week Dr Gopal.

Hoping that once we have enough room that the Nurse Practitioner will work full time, which will also provide more capacity.

5. **List Closure update**

Sue explained that a further closure extension was now in place, and this was to continue until the 17<sup>th</sup> October, after that we will re-open and begin to take new patients again.

## **AOB**

Sue explained that Charlotte had left the Practice and a new nurse Kerry had started and would also take over as the PCN lead nurse

BD asked about the open days and if they will be available in this side of the town, Sue will contact the PCN manager and request that this happens.

**Next Meeting - 19<sup>th</sup> July 2023 – 2 pm**
