

St John Ambulance needs you!

St John Ambulance is looking for volunteers to join its teams in the Whitby, Scarborough and Pickering areas. Our charity provides both first aid services and training in the community. As well, we offer opportunities to young people (7-17) to join us and train in the essentials of first aid, in a safe and welcoming environment.

We need adult volunteers (18 years +) for the following roles:

- Management and leadership
- Youth leaders and helpers
- First Aiders (community first aid & attendance at events) - training provided.
- Fundraisers
- Clinical professionals (nurses, paramedics, medics, midwives etc.)

Later this year we aim to be accepting young people into our Badger Team (7-10 years of age) and Cadet Team (11-17 years of age).
