

Spring Covid-19 Boosters

NHS and partners

People aged 75 and over, care home residents and people with weakened immune systems are now being offered their Spring Booster. This follows the recommendation from the Joint Committee on Vaccination and Immunisation (JCVI) that an extra dose should be offered to these groups to make sure those at greatest risk continue to have high levels of protection against COVID-19.

If you are eligible for an extra booster, the NHS will contact you when it is your turn with details of how to make an appointment. People are being prioritised according to when they had their previous booster and by clinical need so please wait to hear and do not contact your GP practice or other NHS services. Everyone who is eligible will be contacted between 21 March and early Summer, depending on when they had their last booster.

Once invited, people will be able to book an appointment at a convenient vaccination centre. Some people may also be contacted by their GP practice and offered an appointment but not all GP services are offering this service so please only contact your GP about a spring booster if you receive an invitation.

If you haven't had your previous booster, you can visit www.nhs.uk/covid-booster or call 119 to book an appointment or see daltonsurgeryhuddersfield.com for details of local walk-in clinics.

GP practices (offering boosters to patients)

The NHS is now offering Spring Boosters to people aged 75 and over, care home residents and people with weakened immune systems. This follows the recommendation from the Joint Committee on Vaccination and Immunisation (JCVI) that an extra dose should be offered to these groups to make sure those at greatest risk continue to have high levels of protection against COVID-19.

If you are eligible for an extra booster, we will contact you when it is your turn with details of how to make an appointment. People are being prioritised according to when they had their previous booster and by clinical need so please wait to hear from us and do not contact the practice or other NHS services. Everyone who is eligible will be contacted between 21 March and early Summer, depending on when they had their last booster.

You may also receive a letter or text from the NHS National Booking Service inviting you to book an appointment so you can choose to do this if you prefer or wait for us to contact you.

If you haven't had your previous booster, you can visit www.nhs.uk/covid-booster or call 119 to book an appointment or see <https://intranet.kirkleesccg.nhs.uk/home/coronavirus-covid-19> for details of local walk-in clinics.

GP practices offering boosters to care homes/eligible housebound patients only

The NHS is now offering Spring Boosters to people aged 75 and over, care home residents and people with weakened immune systems. This follows the recommendation from the Joint Committee on Vaccination and Immunisation (JCVI) that an extra dose should be offered to these groups to make sure those at greatest risk continue to have high levels of protection against COVID-19.

If you are eligible for an extra booster, the NHS will contact you when it is your turn with details of how to make an appointment. We are currently only able to offer spring boosters for care home residents and eligible housebound patients so you will be offered an appointment at a convenient community or pharmacy vaccination centre. People are being prioritised according to when they had their previous booster and by clinical need so please wait to hear and do not contact the practice or other NHS services. Everyone who is eligible will be contacted between 21 March and early Summer, depending on when they had their last booster.

If you haven't had your previous booster, you can visit www.nhs.uk/covid-booster or call 119 to book an appointment or see <https://intranet.kirkleesccg.nhs.uk/home/coronavirus-covid-19> for details of local walk-in clinics.

For further information on Spring Boosters and COVID-19 vaccinations please visit <https://intranet.kirkleesccg.nhs.uk/home/coronavirus-covid-19>

GP practices not offering spring boosters

The NHS is now offering Spring Boosters to people aged 75 and over, care home residents and people with weakened immune systems. This follows the recommendation from the Joint Committee on Vaccination and Immunisation (JCVI) that an extra dose should be offered to these groups to make sure those at greatest risk continue to have high levels of protection against COVID-19.

If you are eligible for an extra booster, the NHS will contact you when it is your turn with details of how to make an appointment. The practice is currently not able to offer spring boosters so you will be offered an appointment at a convenient community or pharmacy vaccination centre. People are being prioritised according to when they had their previous booster and by clinical need so please wait to hear and do not contact the practice or other NHS services. Everyone who is eligible will be contacted between 21 March and early Summer, depending on when they had their last booster.

If you haven't had your previous booster, you can visit www.nhs.uk/covid-booster or call 119 to book an appointment or see

<https://intranet.kirkleesccg.nhs.uk/home/coronavirus-covid-19> for details of local walk-in clinics.
