2	PPG Member changes and Welcome to new members No changes to note		
3	Suggestion Box No suggestions had been left.		
4	Welcome Dawn Newsome – Armley Helping Hands AHH DN introduced AHH service to the group and explained that the service provides help to people in the area, mainly services for over 50's but also for their carers and family members. They help with isolation issues, bringing the community together as well as providing advice, companionship and support – and fun things to do! A number of leaflets were distributed that demonstrated the services and groups that were being run in the week. DN confirmed she started the service 26 years ago. A number of the group expressed an interest in volunteering for the service. DN explained how she promoted the services in the community and how the relationship with the GP surgeries across Armley is special in that we work together to improve the lives of people living in Armley.
