

MENOPAUSE – VIDEO GROUP CLINIC

Thursday 26th January & Thursday 2nd March 2023

Are you struggling with the Menopause?

Would you like to benefit with a longer appointment with a menopause expert clinician?

Would you like to meet others who are experiencing menopause symptoms for peer support?

Speak to one of our Care Co-ordinators to book your place on the Menopause Video Group Clinic.

You will be allocated a place and then you will be contacted nearer the time via email with a symptom checker and some security questions. The video group clinic will take place on Microsoft Teams.

To be eligible to take part, you must be registered with Garforth Medical Centre and not currently be on HRT.

For further information or if you have any questions, please email:
