Dear Patient

Please contact Surgery – Immunisations outstanding; referral to Health Visitors

We encourage all parents to bring their children in for routine vaccinations and immunisations to keep them well and protected. You have now received several invitations to book in for immunisations, but you do not appear to have responded.

We know that some parents do prefer not to come at all, but we are required to follow up any child who has not attended for their immunisations to ask you specifically to let us know.

- If you **do not wish to book** for the immunisations, please phone 0113 2537628 and leave a message for **Danielle**.

It can be a very busy time being a parent, and so it may have just slipped your mind.

- If that is the case and you do want to book, please call Reception and ask for an appointment with our Practice Nurses for **'childhood imms'** by telephoning 0113 2537628.

The local Health Visiting Team are also available to give parents further information and advice about immunisation decisions, and any other support that you need. Their number is: **0113 8435683**

- We shall send a copy of this letter to the Health Visiting Team so that they know that you might be calling them to discuss immunisations further.

Yours sincerely

Administration Team
