

# WALK-IN MMR VACCINE CLINIC

at:

**Bellbrooke Surgery**

**Bellbrooke Avenue, Harehills, LS9 6AU**

- 1st March
- 8th March
- 15th March
- 22nd March
- 29th March
- 5th April

**10am - 12pm**

**No Appointment Needed**

If you are registered with a GP practice listed below come along to the **walk-in clinic** to get you and your family vaccinated against measles.

**1.**

## Measles is circulating

Two doses of the MMR vaccine gives the best protection against measles.

**2.**

## Measles spreads quickly

It can cause severe illness, especially in babies, children and pregnant women

**3.**

## Protection from measles

MMR vaccines are given to children at age 1 and 3 but it is never too late to get a vaccine

**You can attend the walk-in if you are registered at any of the following practices:**
