

Did you know that there are additional staff at your Surgery that you can see

Clinical Pharmacist

Our Clinical Pharmacists clinically assess & treat our patients using their expert knowledge of medicine! They work alongside the team to undertake Medication Reviews and promote health, wellness and disease prevention.

Pharmacy Technician

Our Pharmacy Technicians play an important role to review and record medications the patients should be taking, ensuring sufficient supplies and supporting patients on their understanding of how to use medicines safely.

Dietitian

Our Dietitians will support the PCN with patients of all ages with their food intake to address diabetes, food allergies, etc. They utilise behaviour modification methods as well as innovative digital practice to enable service users to make appropriate lifestyle and food choices.

Care Coordinator

Our Care Coordinators work closely with GPs and other primary care professionals within the network to identify and manage a caseload of identified patients, making sure that appropriate support is made available to them and their carers.

Paramedic

Our Paramedics can make urgent visits to patients, initiate care and provide treatment to patients in a pre-hospital environment. They apply appropriate skills and equipment safely and support the progression of care plans of patients with long term medical conditions.

Social Prescriber

Our Social Prescribers connect people to community groups and agencies for practical and emotional support and complement other approaches such as care navigation and active sign-posting.

Mental Health Practitioners

Our Mental Health Practitioners help promote mental and physical wellbeing as well as treating mental health problems effectively through evidence based psychological/ pharmacological approaches.

First Contact Physiotherapists

Our First Contact Physiotherapists can assess, diagnose, treat and manage musculoskeletal problems and discharge a person without a medical referral. Those working in these roles can be accessed through direct referral.

Physician Associate

Our Physician Associates are healthcare professionals with a general medical education who work alongside and under the supervision of GPs providing clinical care as part of a wider multi-disciplinary team.

Health & Wellbeing Coach

Our Health & Wellbeing Coaches use Health Coaching skills to support people with self-identifying existing issues and encourages proactive prevention of new and existing illnesses.

Nurse Associate

Our Nurse Associates work across all four fields of nursing: adult, children's, mental health and learning disability. They will contribute to most aspects of care, including delivery and monitoring, assessment planning and help registered nurses with evaluation.
