Data Sharing

Summary Care Record (SCR)

Your SCR is an electronic summary of key medical information taken from your GP medical record. If you need healthcare away from your usual doctor's surgery, your enhanced SCR will provide those looking after you with key information to help them give you better and quicker care. Please refer to 'What is a Summary Care Record' document for more information or visit: <https://digital.nhs.uk/summary-care-records/patients>

Tick this box if you wish to have an enhanced SCR with core and additional information (recommended)

Tick this box if you wish to opt-out of the SCR

Medical Interoperability Gateway (MIG)

The MIG enables secure sharing of relevant medical information from your GP record with other healthcare professionals who are providing you with direct care, even if they are not using the same electronic records system. At point of care you will be asked if you consent to the care service seeing essential elements of your record.

More information can be found by visiting: <http://www.healthcaregateway.co.uk/products>

Tick this box if you wish to opt-out of the MIG data sharing

Risk Stratification Preferences

Risk stratification is the process of identifying the relative **risk** of patients in a population by analysing their medical history. It's a key enabler for improving the quality of care delivered by the NHS. The Hedges Medical Centre is taking part in the Risk Stratification programme and will be uploading patient identifiable data for analysis. Patient identifiable information will only be viewable at GP practice level. Any NHS organisation external to the practice using risk stratification will only see anonymised data.

For more information please visit our website at www.hedgesmedicalcentre.co.uk

Tick this box if you wish to opt-out of the Risk Stratification programme

Enhanced Data Sharing Module (EDSM)

The Hedges Medical Centre uses a clinical computer system called SystmOne to record your medical information. With your consent, you can allow your full GP record to be shared with other healthcare services that are providing care for you and who also use SystmOne. These other services will always ask consent to view your record. For more information please visit our website at www.hedgesmedicalcentre.co.uk

Tick this box if you wish to opt-out of the Enhanced Data Sharing Module

IT IS YOUR RESPONSIBILITY TO ADVISE US OF ANY CHANGES TO THESE INSTRUCTIONS:

Signed: _____ Date: _____

Please record any additional information about you that you think is important for us to know

Electronic Prescription Service (EPS)

EPS enables prescribers - such as GPs and practice nurses - to send prescriptions electronically to a dispenser (such as a pharmacy) of the patient's choice. This makes the prescribing and dispensing process more efficient and convenient for patients and staff. If you have already nominated a pharmacy, please tell us which pharmacy you have chosen. For further information about this service, please talk to your pharmacist of choice.

Patient Participation Group (PPG)

The Hedges Medical Centre has a lively and committed Patient Participation Group which meets monthly and new members are always welcome.

Please contact Jessica Parsons, Practice Manager, for more information or if you are interested in joining.

Carers Information

A carer is a friend or family member who gives their time to support a person in their home, to an extent that the person could not remain at home if this care was not being provided. A carer can receive Carers Allowance, but not a wage and the care they are giving will significantly affect their own life.
