

Carers Cuppa & Chat Group

Do you care for a friend, family member or neighbour?

Do you support someone to manage in their day to day life because of a physical, mental or emotional health condition that means they rely on you for some of the things that help them to stay safe and well?

Would you like to chat with other people, find out what support is available for you or simply get a change of scenery and chance to catch your breath and enjoy a hot cup of tea you haven't had to make yourself?

Join us at our weekly carers cuppa and chat group for a listening ear, signposting & help to access services and an opportunity to meet other people who can relate to how you are feeling. Whether you care for someone with Dementia, Special Educational Needs, Neurodiversity, Chronic Illness or any other condition is not important, what matters is that you would like to come together with others for support and friendship.
