

GET INVOLVED

Are you a registered patient at this practice?
Do you have ANY of the following?

- Ideas & inspiration
- Administrative or organisational skills
- A little time to spare
- Professional skills
- Enthusiasm & motivation
- Interest in your general practice
- Creativity and imagination
- Concerns about the NHS
- Family or friends who use the practice

Then we need you to join our **PATIENT PARTICIPATION GROUP**. We urgently need representatives from ALL groups of patients including younger and older people, those with children and families, people with health problems and disabilities, as well as those who are currently fit and healthy.

Find out how you can contribute to making your general practice better. See overleaf or complete the slip below and hand it in to reception to get more information.

Please let me have more information about the Patient Participation Group and how I can get involved (PLEASE PRINT CLEARLY):

Full name:

Email address and / or mobile phone no:

First line of address and postcode:

The Chilwell Valley & Medical Practice **PATIENT PARTICIPATION GROUP** is run *by* patients *for* patients and we welcome new members.

All registered patients are invited to belong.

The group aims to

- give the Practice feedback on how it is performing
- make suggestions for improvements
- provide a forum for discussion about developments in the NHS
- work together to try to improve services for all patients.
- organise events that support the practice and its patients

The group currently meets every two months, usually early evening on Mondays at Chilwell Meadows Surgery. Meetings are friendly and informal and open to both regular attendees and those who can only come occasionally. The group also sends representatives to the local NHS Clinical Commissioning Group patient meetings so that it can have wider influence.

Find out more about when the meetings are taking place and other events by completing the form overleaf.

The Valley Surgery on Bramcote Lane and the Chilwell Meadows Surgery on Ranson Road are both part of the same Practice run by the Chilwell Valley and Meadows Partnership. For more details about the practice please see our website:
