

GREENFIELDS MEDICAL PRACTICE NEWSLETTER

July 2024

July 2024 NEWS

The practice will be closed for staff training on 16 July from 12:30pm-6:30pm. We will re-open at 8:00am the next day. In case of an urgent query please contact NHS111.

Free NHS HEALTHCHECKS

NHS health checks are free and available at the practice to patients who are age 40 to 74yrs and have no other pre-existing conditions. An NHS health check involves a blood test and involves height, weight, blood pressure, cholesterol checks, lifestyle updates and more. Invites are sent to all eligible patients but if you think you are eligible and would like to get booked in, please contact the surgery.

CERVICAL SCREENING – ARE YOU UP TO DATE WITH YOURS?

All women and people with a cervix between the ages of 25 and 64 should go for regular cervical screening.

Childhood Immunisation It is essential that you arrange your child's immunisation when it is due to avoid diseases such as diphtheria, tetanus and polio. Although rare, they can be serious if caught. We are offering childhood immunisations at the Practice. Risks from vaccination have been exaggerated and are very small but, if you have concerns, please discuss with any of our nurses.

!!!!DID NOT ATTEND!!!!

We had 156 DNAs in the last four weeks which is 26hrs of clinical time wasted.

If you are unable to attend an appointment it is vital you contact the surgery to cancel the appointment to make it available for another patient.

PATIENT FEEDBACK

As a practice we believe that feedback from patients is one of the most important ways of seeing how we are doing. We appreciate all forms of feedback

There are several ways you can provide feedback.
