

Alconbury & Brampton Surgeries

Practice Update: We are currently exploring various ways to utilise the new technology available to us as a Practice to improve the way that services are provided to our patients. We have begun sending text confirmations for appointment bookings and ask that Patients ensure we have accurate mobile numbers on their medical records.

Online Access: We encourage patients aged 16+ to register for online appointment booking and ordering of prescriptions. You can also request online access to your medical records by filling in the appropriate form and providing our reception team with photo ID. An application for the latter will involve a GP review of your notes to ensure that they are suitable for release so please allow 4 weeks for this to be approved and ensure we have your email address on file to enable us to send you your access information electronically.

Extended access: The GP federation in Huntingdon currently offers our patients GP, Nurse & Health Care assistant appointments at evenings and weekends at the Acorn Surgery in Huntingdon and at Buckden Surgery. If you wish to have a routine appointment out of hours then please do ask our receptionist who can book you into this service. With effect from July 2019 we will be offering our own GP and Nurse/HCA appointments on a Saturday morning at Alconbury Surgery.

Team Changes; We welcome a new Nurse, Lorraine Quantrell to complement our existing team in May. In April GP Trainee Drs Salah & Nelaptla left us and we were joined by Dr Wedian Eltom, Dr Emma Goldesgeyme and Dr Funmilayo Dada. Dr Luke Thompson will be increasing his sessions with us from July this year and Dr Emma Hattle is returning to locum for us over the summer period.

Albram continues to work hard for the Practice by raising funds and providing an essential car service to improve access to services for local patients. They will soon be promoting a summer raffle at both surgeries and have their AGM scheduled for Tuesday 16th July 2019 at Brampton Surgery, starting at 6pm. Albram will also be in attendance at Alconbury village fete, we encourage any patients interested in finding out a little more about what Albram do to attend.
