My experience was very good.

The doctor was polite, attentive and explained everything well. We had enough time to discuss things.

Very helpful

From reception desk to first class medical attention from the on duty Dr's. We are very fortunate at this clinic.

The team are always open to help me.

The doctor made sure that she did a thorough examination. She prescribed antibiotics and advised I take it as soon as possible. I followed her instructions and felt better after a day.
