SEAFORD MEDICAL PRACTICE PATIENT PARTICIPATION GROUP

NOTES OF A MEETING HELD ON Thursday 9th May 2024

Present:	Sue Smith (PPG Chair)	Zena Gibbs	Mark Wilkinson
	Dr Shavetha Vasdev	Jill Allen	Mary Day
	Dr IanCocburn	Valerie Sng	Janet Hamill
	Lorraine Downey	Heather Turner	Christine Stringer
	Paul Colborn RM	Charis Isted	
	Allen Snell	Christine Turnball	
	John Edson	Steve Machan	
	Sally Anne Heaseman	Christine Machan	
	Myrtle Kracke		
	David Burleigh		
Apologies:	Pam Burleigh, Maggie	Chitty, Sue Hewer, Des I	Pritchard, Penny Lower, Val
	Callon, Elizabeth March	nant, Nic Hone, Angela P	aice.

1.	Welcome New Members: Mary Day, Christine Stringer, and Janet Hamill			
2.	Notes of meeting held on 8th February 2024			
	The notes, having been previously circulated, were agreed.			
	Review actions from meeting held on 8th February			
	All actions were reviewed and noted as completed or in progress. Specific actions highlighted:			
	MW asked if the practice can put up notices in the waiting room advising that the system will close once we are capacity. :Action PC/LD to arrange for thiscompleted			
	Action: PC to remind the Receptionist re Dr Humphreys covering for MJ – Completed			
	Request for more printed copies of template to be put on the table in the waiting room completed			
	Action: to Ask the Newhaven surgery's if they would be able to take the bloods for our patients – The Clinical Governance does not allow this. Please see AOB			
	Consider parking for parents in the front car park : Action AP to follow up with NHS Property Service			

The T	V screen and waiting time and accuracy of the information showing Action:
	ensure this correct throughout the day - Completed
Updat	te from Practice
3.1	New Practice Website
	Thank you to Charis and Sue Hewer who have been working closely with Angela on the Practices new website, which should be going live in the summer. CI asked for more volunteers to help test this – Sue Smith and Steve Machan have offered their services – Action: AP to get in touch to organise.
3.2	Mock CQC (Deep Dive Day) Feedback from March
	The Practice completed a mock CQC inspection in March, with very positive feedback. This was done by an External Team. The purpose behind the Deep Dive Day was to ensure that all compliance is correct and adhered to. The Practice decided to do this due to having a lot of change over the past 3 years and the last inspection being completed in 2018. This was an informative day with no glaring problems.
3.3	Staff Maternity Leave
	The Practice will be saying goodbye to Nurse Danni and Receptionist Robyn as they leave us to have their babies. We will be welcoming back Lydia from maternity leave in the summer.
3.4	Dr Jackson Update
	Dr Jackson continues to have tests and treatment, doing well. He continues to support the Practice behind the scenes as Finance Partner along with his other roles within NHS Sussex
3.5	Current National Climate
	Dr Vasdev spoke to the group about the National climate and the past 5-year contract for general practice which has now come to an end. General practice has now been imposed with an interim contract which has a less than 2% uplift, this is less than inflation. This uplift did not take into consideration the increase in the National minimum wage, NI etc. Talks are now being held between the British Medical Association and NHS England. With this in mind, the practice has decided to freeze any recruitment. Any staff who leave or retire will not be replaced. The Practice continues to deliver the best, safest care possible for our patients, but with the current narrative some services may be affected. The Practice will be communicating more in the coming months "Rebuild General Practice Comms' will follow on the website and the waiting room. Dr Vasdev also discussed the different way of increasing the practice income with Research
	Updat 3.1 3.2

	3.6	Blood Test current situation
		There is currently a 4-week waiting time for Blood Test appointments at the
		Practice and Eastbourne hospital. The Practice is trying to reduce the
		waiting time, but the national payments mean that the practice works at a
		loss. All practices in the area are in talks at a higher level to try to negotiate
		a better tariff. Diagnostic centres payments are considerably more than
		Practices.
4.		macy 1st - Cl
		group discussed the Pharmacy 1st Service, which was rolled out in April.
		ently only Boots in Seaford are offering this service to patients. Dr Vasdev
		d about the service and figures from Sussex showed that the service had
		ved 5500 referrals over 3months. With 74% of patients self-referring and 20%
	_	referred by GP Practices. Clinicians are finding a lot of the Pharmacy work
		ng back to GP's as Pharmacy will only deal with one issue or may not be
	appro	opriate, if the patient discusses anything else they are sent back to GP's.
	Overa	all, not a very positive picture and not reducing the workload for GPs
5.	How	many SMP GPs work for Southdowns Healthcare- PL
		sdev asked for clarification regarding this question.
		eaford Medical Practice GP works privately for SDHC.
		o have 1 GP and one Paramedic Practitioner who work for the Extended
		ss Service on a Saturday morning at the Practice which forms part of the GP
	contr	,
		act.

HT asked if there was any comment from the Practice regarding the Lib Dem comments- The Practice confirmed that they are not engaged in any discussions.

HT asked who will be providing Flu and Covid vaccine for this year. The Practice confirmed that SDHC have been commissioned to deliver this on behalf of the Practice this year and will be still held in Seaford.

ZG –Covid vaccinations. We were only offered covid jabs at Victoria Medical Centre,

Victoria Drive, Eastbourne. Luckily we have our own transport. Wheelchair accessible taxis are not often readily available and can be costly. Whereas; it would appear, Old School Surgery patients were offered the choice of two Seaford venues, Wave Active & Camerons? Apologies given and LD will discuss with SDHC.

Discussion around SDHC not answering the phone line for the Covid Vaccine – **Action LD to pick up with SDHC.**

AS – Please when communicating that the Practice will be closed for Training Events can the Practice not send text messages out at 10pm and a couple of weeks in advance.

MW Offered to meet with SV regarding Research – Action: LD to arrange meeting

CI suggested speaking with SH regarding Comms from the Practice – **Action: AP to speak with SH**

SS finished the meeting with a compliment from a patient who said Seaford Medical Practice was the best Surgery she has ever been registered at.

Next meeting will be held 3rd October 4pm
The practice will issue an update in July LD to liaise with SS
