Summary Care Record

The summary care record consists of basic information such as your date of birth and address, details of allergies, current prescriptions and bad reactions to medicines.

It allows services such as Hospitals, A&E, the Out of Hours Services and the Ambulance Services to understand key information about you when you call upon their services.

The Summary Care Records is only accessed with your direct consent. If you do not have capacity to consent and have a Lasting Power of Attorney, they may consent on your behalf. If you do not have a Lasting Power of Attorney, then a decision in best interests can be made by those caring for you.

Parental responsibility

If you have parental responsibility and your child is not able to make an informed decision for themselves, then you can make a decision about information sharing on behalf of your child. If your child is competent then this must be their decision.

For further information about your health records, please see:

<https://www.nhs.uk/using-the-nhs/about-the-nhs/your-health-records> and www.nhs.uk/NHSEngland/thenhs/records.

Do you consent to your GP Practice sharing a summary of your health record with other organisations who care for you?

Yes No

If you answered 'No and wish to opt-out of having a Summary Care Record please also tick the box below:

I wish to opt-out of having a Summary Care Record

What does it mean if I **DO NOT** have a Summary Care Record? NHS healthcare staff caring for you safely in an emergency may not be aware of your current medications, the allergies you suffer from or any bad reactions to medicines you have had in the past. Your records will stay as they are now with information being shared by letter, email, fax or phone. If you have any questions, or if you want to discuss your choices, please ask at reception.

Enhanced Summary Care Record

Additional information can be included to your SCR with your permission. It will include

- Your long term health conditions – such as asthma, diabetes, heart problems or rare medical conditions
- Your relevant medical history – clinical procedures that you have had, why you need a particular medicine, the care you are currently receiving and clinical advice to support your future care
- Your healthcare needs and personal preferences – you may have particular communication needs, a long term condition that needs to be managed in a particular way, or you may have made legal decisions or have preferences about your care that you would like to be known
- Immunisations – details of previous vaccinations, such as tetanus and routine childhood jabs

Please note: specific sensitive information such as any **fertility treatments, sexually transmitted infections, pregnancy terminations or gender reassignment** will not be included, unless you specifically ask for any of these items to be included.

Do you consent to having additional information included in your Summary Care Record with Additional Information?
