NHS Scoring Guidance

Recent guidance issued by NHS England has confirmed the move away from the 'Net Promoter' scoring methodology to a simpler 'Percentage Recommended' and 'Percentage Not Recommended' method.

The percentage measures are calculated as follows:

$$\text{Recommended (\%)} = \frac{\text{very good} + \text{good}}{\text{very good} + \text{good} + \text{neither} + \text{poor} + \text{very poor} + \text{don't know}} \times 100$$

$$\text{Not Recommended (\%)} = \frac{\text{very poor} + \text{poor}}{\text{very good} + \text{good} + \text{neither} + \text{poor} + \text{very poor} + \text{don't know}} \times 100$$

For further information about the selection of the scoring method please see the NHS FFT Review published in June 2014 here:
