## NHS Scoring Guidance

Recent guidance issued by NHS England has confirmed the move away from the 'Net Promoter' scoring methodology to a simpler 'Percentage Recommended' and 'Percentage Not Recommended' method.

The percentage measures are calculated as follows:

$$\text{Recommended (\%)} = \frac{\text{extremely likely} + \text{likely}}{\text{extremely likely} + \text{likely} + \text{neither} + \text{unlikely} + \text{extremely unlikely} + \text{don't know}} \times 100$$

$$\text{Not Recommended (\%)} = \frac{\text{extremely unlikely} + \text{unlikely}}{\text{extremely likely} + \text{likely} + \text{neither} + \text{unlikely} + \text{extremely unlikely} + \text{don't know}} \times 100$$

For further information about the selection of the scoring method please see the NHS FFT Review published in June 2014 here:

<http://www.england.nhs.uk/ourwork/pe/fft/fft-test-review/>

## SECTION 3 Practice Scoring

### Practice Score: 'Recommended' Rank

**Your Score:** **94%**  
**Percentile Rank:** **75<sup>TH</sup>**

- Notes: 1. Display the 'Recommended' score and percentile for current reporting month.  
2. Score calculated as per NHS requirements. See scoring guidance section.  
3. Percentile represents how your 'recommended' score compares to all other practices managed by iPLATO. Your score of 75th percentile means your practice scored above 75% of all practices.

### Practice Score: 'Recommended' Comparison

- Notes: 1. Practice score comparison of 'recommended' scores only.  
2. Score calculated as per NHS requirements. See scoring guidance section.

### Practice Score: 'Recommended' Demographic Analysis

- Notes: 1. Scores for current reporting month.  
2. Score calculated as per NHS requirements. See scoring guidance section.

### Practice Score: Day of the Week Analysis

- Notes: 1. Practice performance by Day of the week. Represents actual score for all 'days' during reporting period.  
2. Score calculated as per NHS requirements. See scoring guidance section.

## SECTION 4 Patient Response Analysis

## Not Recommended

- ✓ Had a GP appointment today after 1 week wait and now wait another 11 days (and take another morning off work) to get a blood test. I would rather pay a fee and have it done immediately. @ely.
- ✓ It was a wonderful experience, doctor was really nice .Analysed the problem and communicated properly to my son.
- ✓ Annabel was great

## Passive

- ✓ Staff at counter weren't very attentive
- ✓ I feel like I don't always get time to explain all that's going on
