NHS Scoring Guidance

Recent guidance issued by NHS England has confirmed the move away from the 'Net Promoter' scoring methodology to a simpler 'Percentage Recommended' and 'Percentage Not Recommended' method.

The percentage measures are calculated as follows:

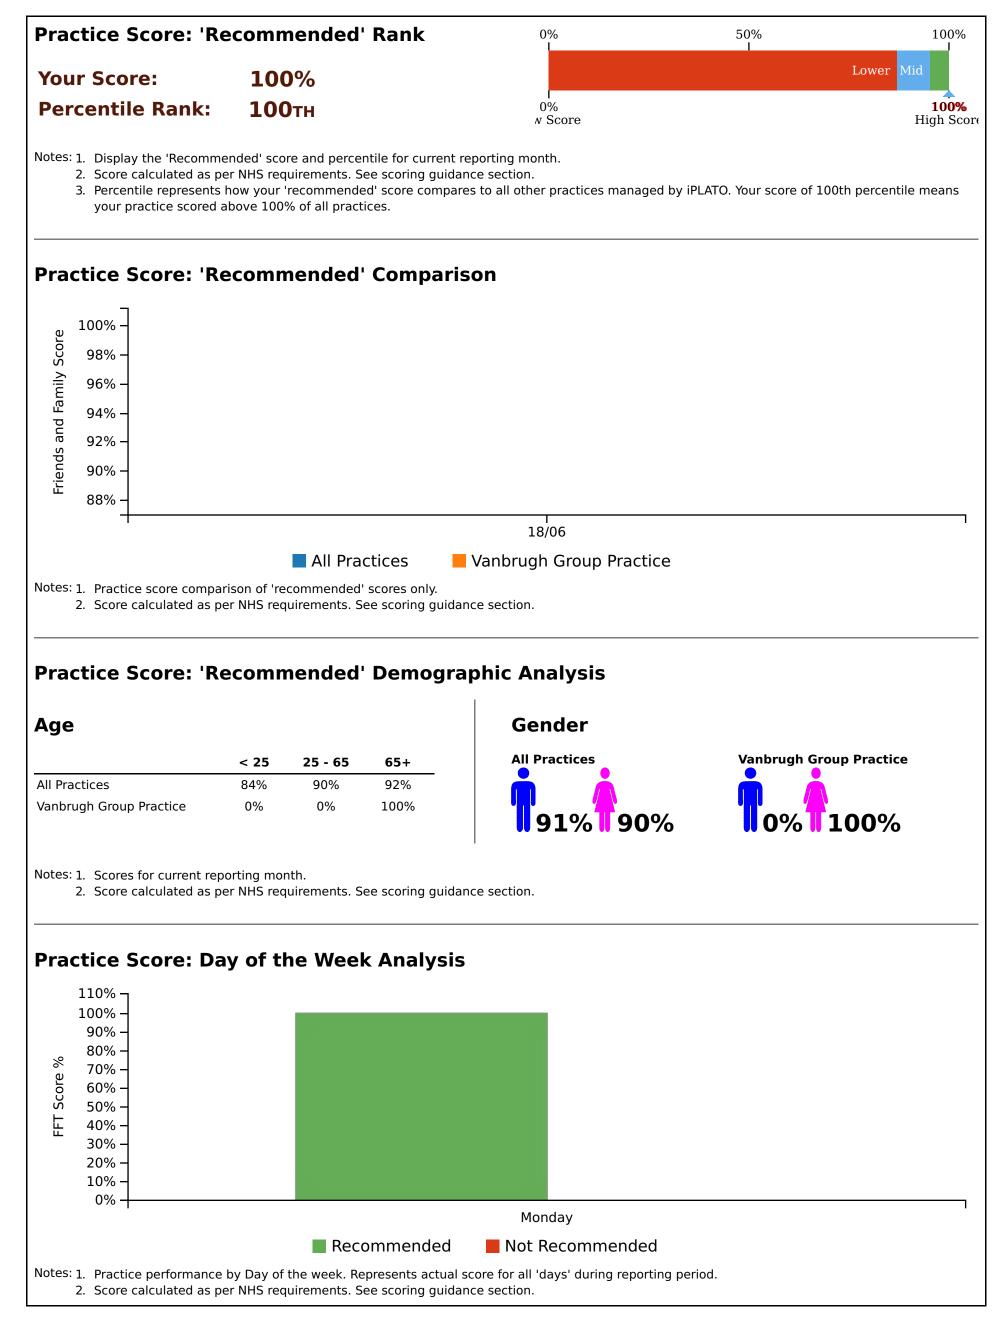

Recommended (%) =	x 100 very good + good + neither + poor + very poor + don't know				
Recommended (%) –					
Not Recommended (%) =	very poor + poor x 100				
Not Recommended (%) –	very good + good + neither + poor + very poor + don't know				

For further information about the selection of the scoring method please see the NHS FFT Review published in June 2014 here:
