DIGITAL DROP-INS

Our **Digital Drop-Ins** provide a friendly space to get questions answered or problems solved for your laptop, tablet or smart phone.

These sessions are a chance for you to drop-in with your device, sit down with a member of our team to get help with a single issue or develop your skills.

You can also practice in a supported environment and get access to other local learning programmes.

The sessions are free and there is no need to book.

COMMUNITY LEARNING

Our **Community Learning** programme offers a series of free courses to develop digital skills, knowledge and confidence to help learners with new skills and boost career opportunities.

If you're looking to gain new skills, increase your confidence, or learn the basics we have a course for you in a safe, small-class, friendly setting.

We offer a range of digital skills courses to develop digital skills for everyday life and work from beginners' level to improve.

DIGITAL AWARENESS FOR OLDER PEOPLE

Digital Awareness for Older People is designed to give group support to people wanting to develop their digital skills, feel safer online and have fun!

The classes are run online using Zoom and take place **every Tuesday at 11am.**

The topics we cover are informed by the group and include things like managing email, online banking and also using different apps. We also share information about scams via our WhatsApp group and provide peer support.

Interested in joining? Contact us [here](#) or call 07523 646 277.

MOBILE PHONE BOOT CAMPS

Mobile Phone Boot Camps are a fun way to practice using a smart phone and build confidence through practical activities.

Each session there will be a variety of activities to try depending on number of people and the activities that people want to try.

Over a typical session you may get to try two or three activities and share what you have learned over a cup of tea.

VOLUNTEER WITH US!

Do you **feel passionate about helping people** with computers, the internet & accessing services?

You do not need to be a digital wizard, just a helpful person to volunteer with us.

If you like sitting with people and making them feel welcome then you could be a fantastic help, meet lots of people and develop your skills!

We looking for volunteers to help with **Digital Drop-Ins, Community Learning, Online Services Support, Disability & Technology Advice**

[REGISTER HERE](#)

DISABILITY & TECHNOLOGY ADVICE (D.A.T.A)

Disability & Technology Advice (D.A.T.A.) Drop-Ins provide friendly digital support for disabled residents, carers & neurodiverse adults.

We can help assess your needs, provide access to the right device and offer support to set goals for personal learning.

The sessions are free and there is no need to book.

D.A.T.A. is a partnership between ClearCommunityWeb and Millennium Community Solutions.

WEDNESDAY 10am-1pm

AKERMAN HEALTH CENTRE

60 Patmos Road, SW9 6AF
P5, 36, 185, 436

REFERRAL AND HOME SUPPORT

If you have a resident with different needs or who may require a home visit, you can do so using our referral form [here](#).

This is also the best way to refer someone who may need a device or has a more serious technical issue to resolve, including being locked out of an online account or computer compromised in any way.

We will contact them directly to arrange next steps and send you an update with a summary of any support carried out.

We aim to complete these within two weeks but due to capacity and location they may take a little longer.

REFERRAL FORM
