

Out of Hours Service

The following services are available to you when we are closed;

1. 111 service (telephone 111)
2. Petersfield Hospital Urgent Treatment Centre (walk in service 8am-8pm 7 days a week)
3. A&E Depts at QA Portsmouth & St Richards Chichester (walk in service)

Bereavement

In times of bereavement, it can be extremely difficult to know what to do next. Please see our website for help if a death occurs at home or in hospital. The patient's registered GP is usually made aware and will make contact with the family to offer support.

Carers

If you care for someone at home we are here to offer support to you and your family. Please ensure our reception team or your registered GP are made aware you are a carer. We will register this information and you will automatically be sent a Carers Pack containing information and links to local support networks.

Target Days

On a quarterly basis the surgery is closed for half a day to enable GP & staff training. When we are closed for 'Target' patients are advised to call the 111 service if they are in need of medical care on that day.

Confidentiality

You can be assured that anything you discuss with any member of the surgery staff, whether doctor, nurse or receptionist, will remain confidential.

If you have Concerns or Comments or wish to Complain

We operate a practice complaints system—please see our website for full details – <https://thegrangesurgery.org.uk/suggestions--complaints>

Online ways to contact the surgery;

(Information can be found on our website www.thegrangesurgery.org.uk)

➤ Owned and run by the NHS, the NHS App is a simple and secure way to access a range of NHS services on your smartphone or tablet.

➤ This facility is free to use for NHS patients. Use eConsult to ask your GP surgery about your health symptoms, conditions or treatment. This can be found on the home page of our website www.thegrangesurgery.org.uk. You can even request things like sick notes and GP letters.

Veterans - If you have served in the British Armed Forces or if you look after someone who is housebound and a Military Veteran, please let us know.

LGBT - Our LGBT community is very important to us and here at The Grange Surgery and we want to make sure that everyone has access to excellent healthcare.

Friday	8.00am – 1.00pm 2.00pm – 6.30pm	Friday	8am – 6.30pm

Making an appointment

When you register at The Grange Surgery you will be allocated to a GP. In order to ensure continuity of care we request that you only see your registered/allocated GP. However, if you need to see a GP urgently and your registered doctor is not available we will allocate you to another doctor accordingly.

Our nursing team look after most of the chronic disease management in the practice, carry out smears, give travel and lifestyle advice, wound/dressings management and deal with minor illness.

Types of appointments offered.

Reception staff use a tool called a ‘navigator’. This has been devised by our doctors and nurses to guide how best to book a patient for an appointment based on the presenting problem.

How can I get a repeat prescription?

If you have been prescribed medication for **repeat use**, we recommend this be requested using any of the following:

- Online services – www.thegrangesurgery.org.uk or your NHS APP
- Request in writing or complete the tear off slip from your pharmacy listing your medications. We aim to process your request within 4 working days (not including the day of drop off).

Please be aware that if you are due an annual review for a long-term health condition and this has not been booked, the processing of your medication may be delayed.

Review clinics

Review clinics are nurse led and are for long term health conditions. You will be invited into the surgery (usually the month of your birthday) for a clinical review to discuss your condition, medication etc with one of our nurses.

Child Immunisation

Our nursing team offer a comprehensive baby and pre-school immunisation programme. This is by appointment only on alternate Monday mornings.

How do I access Family Planning/Contraception?

At the surgery we provide a full family planning/contraception service. Speak to reception about making an appointment. Coil and Implanon clinics take place on a monthly basis. Your GP will need to refer you into this service. **We respectfully ask new patients to inform the reception team if they currently have a COIL or an implant.**

Home Visits

GPs will arrange for a home visit if a patient makes a reasonable request due to frailty, nature of illness or if they are housebound. Due to demands on GPs time we use a service called ‘Home Visiting Team (HVS)’ which is led by a team of paramedics.
