

KENNET AND AVON MEDICAL PARTNERSHIP

DATA PRIVACY NOTICE

YOUR INFORMATION, WHAT YOU NEED TO KNOW

This privacy notice explains why we collect information about you, how that information will be used, how we keep it safe and confidential and what your rights are in relation to this.

YOUR RIGHTS

You have a right to:

- ask for a copy of the information we hold about you.
- correct inaccuracies in the information we hold about you.
- withdraw any consent you have given to the use of your information.
- complain to the relevant supervisory authority in any jurisdiction about our use of your information.
- in some circumstances:
 - ask us to erase information we hold about you.
 - request a copy of your personal data in an electronic format and require us to provide this information to a third party.
 - ask us to restrict the use of information we hold about you; and
 - object to the use of information we hold about you.

You can exercise these rights by contacting us as detailed below.

WHY WE COLLECT INFORMATION ABOUT YOU

Health care professionals who provide you with care are required by law to maintain records about your health and any treatment or care you have received. These records help to provide you with the best possible healthcare and help us to protect your safety.

We collect and hold data for the purpose of providing healthcare services to our patients and running our organisation which includes monitoring the quality of care that we provide. In carrying out this role we will collect information about you which helps us respond to your queries or secure specialist services. We will keep your information in written form and/or in digital form.

OUR COMMITMENT TO DATA PRIVACY AND CONFIDENTIALITY ISSUES

As a GP practice, all our GPs, staff and associated practitioners are committed to protecting your privacy and will only process data in accordance with the Data Protection Legislation. This includes the General Data Protection Regulation (EU) 2016/679 (GDPR) now known as the UK GDPR, the Data Protection Act (DPA) 2018, the Law Enforcement Directive (Directive (EU) 2016/680) (LED) and any applicable national Laws implementing them as amended from time to time. The legislation requires us to process personal data only if there is a legitimate basis for doing so and that any processing must be fair and lawful.

In addition, consideration will also be given to all applicable Law concerning privacy, confidentiality, the processing and sharing of personal data including the Human Rights Act 1998, the Health and Social Care Act 2012 as amended by the Health and Social Care (Safety and Quality) Act 2015, the common law duty of confidentiality and the Privacy and Electronic Communications (EC Directive) Regulations.

DATA WE COLLECT ABOUT YOU

Records which this GP Practice will hold or share about you will include the following:

- **PERSONAL DATA** – means any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person. We may collect following types of personal information: -
 - Your name, address, email address, telephone number and other contact information
 - Gender, NHS Number and date of birth and sexual orientation
 - Details of family members and next of kin details
- **SPECIAL CATEGORIES OF PERSONAL DATA** – this term describes personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person's sex life or sexual orientation. Kennet & Avon Medical Partnership also use Close Circuit Television (CCTV) to record images within public areas of the practice for the safety and security of our patients and staff
- **CONFIDENTIAL PATIENT INFORMATION** – this term describes information or data relating to their health and other matters disclosed to another (e.g. patient to clinician) in circumstances where it is reasonable to expect that the information will be held in confidence. Including both information 'given in confidence' and 'that which is owed a duty of confidence'. As described in the Confidentiality: NHS code of Practice: Department of Health guidance on confidentiality 2003. We may collect following types of personal information: -
 - Details of any contact the surgery has had with you, such as appointments, clinic visits, emergency appointments and telephone calls.
 - Results of investigations such as laboratory tests or x-rays
- **PSEUDONYMISED** – The process of distinguishing individuals in a dataset by using a unique identifier which does not reveal their 'real world' identity.
- **ANONYMISED** – Data in a form that does not identify individuals and where identification through its combination with other data is not likely to take place
- **AGGREGATED** – Statistical data about several individuals that has been combined to show general trends or values without identifying individuals within the data.

HOW WE USE YOUR INFORMATION

Improvements in information technology are also making it possible for us to share data with other healthcare organisations for the purpose of providing you, your family and your community with better care. For example it is possible for healthcare professionals in other services to access your record with or without your permission when the practice is closed. Where your record is accessed without your permission it is necessary for them to have a legitimate basis in law and may include but not limited to :

- **Primary Care Network (PCN)** | So you may be contacted by or treated by one of the other practices within the PCN.
- **Patient referrals** | With your agreement, we may refer you to other services and healthcare providers for services not provided by Kennet & Avon Medical Partnership
- **Other Providers of Healthcare** | We will share your information with other providers of healthcare services to enable them to support us in providing you with direct healthcare. This may include NHS organisations or private companies providing healthcare services for the NHS.
- **Care Homes or Social Care Services** | Sometimes the clinicians caring for you may need to share some of your information with others who are also supporting you outside of the practice.
- **Local Authority** | The local authority (council) provides health or social care services or assists us in providing direct healthcare services to you. We will share your personal information with them to enable this to take place.

- **Safeguarding** | We will share your personal information with the safeguarding teams of other health and social care providers where there is a need to assess and evaluate any safeguarding concerns. Your personal information will only be shared for this reason when it is required for the safety of the individuals concerned.
- **Integrated Care Record (ICR)** | a digital care record system for sharing information in Bath and Northeast Somerset, Swindon and Wiltshire. It allows instant, secure access to your health and social care records for the professionals involved in your care. Relevant information from your digital records is shared with people who look after you, providing up-to-date information making your care safer and more efficient.
- **NHS Digital** | in order to comply with its legal obligations this practice may send data to NHS Digital when directed by the Secretary of State for Health under the Health and Social Care Act 2012.
- **National Services** | There are some national services like the national Cancer Screening Programme that collect and keep information from across the NHS. This is how the NHS knows when to contact you about services like cancer screening.

Whenever you use a health or care service, such as attending Accident & Emergency or using Community Care services, important information about you is collected in a patient record for that service. Collecting this information helps to ensure you get the best possible care and treatment.

The information collected about you when you use these services can also be used and provided to other organisations for purposes beyond your individual care, for instance to help with:

- improving the quality and standards of care provided by the service
- research into the development of new treatments and care pathways
- preventing illness and diseases
- monitoring safety
- planning services
- risk stratification – also known as Health Risk Screening
- Population Health Management

This may only take place when there is a clear legal basis to use this information. All these uses help to provide better health and care for you, your family and future generations. Confidential patient information about your health and care is only used like this, where allowed by law or with consent.

Pseudonymised or anonymised data is generally used for research and planning so that you cannot be identified.

DATA PROCESSORS

We may use the services of a data processor to assist us with some of our data processing, but this is done under a contract with direct instruction from us that controls how they will handle patient information and ensures they treat any information in line with the General Data Protection Regulation, confidentiality, privacy law, and any other laws that apply.

A full list of details including the legal basis, any Data Processor involvement and the purposes for processing information can be found in Appendix A.

HOW LONG DO WE HOLD INFORMATION FOR?

All records held by the Practice will be kept for the duration specified by national guidance from [NHS Digital, Health and Social Care Records Code of Practice](#). Once information that we hold has been identified for destruction it will be disposed of in the most appropriate way for the type of information it is. Personal confidential and commercially confidential information will be disposed of by approved and secure confidential waste procedures. We keep a record of retention schedules within our information asset registers, in line with the Records Management Code of Practice for Health and Social Care 2021.

INDIVIDUALS RIGHTS UNDER GDPR

Under GDPR 2016 the Law provides the following rights for individuals. The NHS upholds these rights in a number of ways.

1. The right to be informed
2. The right of access
3. The right to rectification
4. The right to erasure (not an absolute right) only applies in certain circumstances
5. The right to restrict processing
6. The right to data portability
7. The right to object
8. Rights in relation to automated decision making and profiling.

YOUR RIGHT TO OPT OUT OF DATA SHARING AND PROCESSING

The NHS Constitution states, 'You have a right to request that your personal and confidential information is not used beyond your own care and treatment and to have your objections considered'.

TYPE 1 OPT OUT

This is an objection that prevents an individual's personal confidential information from being shared outside of their general practice except when it is being used for the purposes of their individual direct care, or in particular circumstances required by law, such as a public health emergency like an outbreak of a pandemic disease. If patients wish to apply a Type 1 Opt Out to their record, they should make their wishes known to the practice manager.

NATIONAL DATA OPT-OUT

The national data opt-out was introduced on 25 May 2018, enabling patients to opt-out from the use of their data for research or planning purposes, in line with the recommendations of the National Data Guardian in her Review of Data Security, Consent and Opt-Outs.

The national data opt-out replaces the previous 'type 2' opt-out, which required NHS Digital not to use a patient's confidential patient information for purposes beyond their individual care. Any patient that had a type 2 opt-out recorded on or before 11 October 2018 has had it automatically converted to a national data opt-out. Those aged 13 or over were sent a letter giving them more information and a leaflet explaining the national data opt-out. For more information go to [National data opt out programme](#)

To find out more or to register your choice to opt out, please visit www.nhs.uk/your-nhs-data-matters. On this web page you will:

- See what is meant by confidential patient information
- Find examples of when confidential patient information is used for individual care and examples of when it is used for purposes beyond individual care
- Find out more about the benefits of sharing data
- Understand more about who uses the data
- Find out how your data is protected
- Be able to access the system to view, set or change your opt-out setting.
- Find the contact telephone number if you want to know any more or to set/change your opt-out by phone.
- See the situations where the opt-out will not apply

RIGHT OF ACCESS TO YOUR INFORMATION (SUBJECT ACCESS REQUEST)

Under Data Protection Legislation everybody has the right of access to, or request a copy of, information we hold that can identify them, this includes medical records. There are some safeguards regarding what patients will have access to and they may find information has been redacted or removed for the following reasons;

- It may be deemed to risk causing harm to the patient or others
- The information within the record may relate to third parties who are entitled to their confidentiality, or who have not given their permission for the information to be shared.

Patients do not need to give a reason to see their data. We will ask you to complete a form in order that we can ensure that they have the correct information required. Where multiple copies of the same information is requested, the surgery may charge a reasonable fee for the additional copies. Patients will need to provide proof of identity to receive this information. Full details of our process can be found on our website as follows:

<https://www.kamp.nhs.uk/practice-information/access-to-records/>

Patients may also request to have online access to their data, they may do this via the [NHS APP](#), or via the practices system. If you would like to access your GP record online, please see our website:

<https://www.kamp.nhs.uk/practice-information/how-to-register-for-the-nhs-app/>

Please visit the NHS Digital Access to Patient Records information page for more information:

[Access to patient records through the NHS App – NHS Transformation Directorate \(england.nhs.uk\)](#)

You have the right to stop your health record entries being displayed in the NHS App. Please contact your GP should you wish to do so.

COVID PASSPORT ACCESS

Patients may access their Covid passport via the [link](#), the practice cannot provide this document as it is not held in the practice record. If you have any issues gaining access to your Covid Passport or letter you should call: 119

CHANGE OF DETAIL

It is important that you tell the surgery if any of your contact details such as your name or address have changed, or if any of your other contacts details are incorrect including third party emergency contact details. It is important that we are made aware of any changes **immediately** in order that no information is shared in error.

MOBILE TELEPHONE NUMBER

If you have provided your mobile telephone number, we may use this to send automatic appointment reminders, requests to complete surveys or to make you aware of services provided by the surgery that we feel will be to your benefit.

If you do not wish to receive these text messages, please let our patient navigation team know.

EMAIL ADDRESS

Where you have provided us with your email address, with your consent we will use this to send you information relating to your health and the services we provide. If you do not wish to receive communications by email, please let us know.

NOTIFICATION

Data Protection Legislation requires organisations to register a notification with the Information Commissioner to describe the purposes for which they process personal and sensitive information.

We are registered as a Data Controller and our registration can be viewed online in the public register at:

[Register of fee payers and certificate downloads | ICO](#)

Any changes to this notice will be published on our website and in a prominent area at the Practice.

HOW TO CONTACT US

If you have any questions about our privacy notice, the personal information we hold about you, or our use of your personal information then please contact our Data Protection Officer:

DATA PROTECTION OFFICER

Address | Kennet & Avon Medical Partnership, George Lane, Marlborough, SN8 4BY

Email | kamp.practice@nhs.net.

Website | <https://www.kamp.nhs.uk/>

All data protection queries will be initially dealt with by the practice data protection team and escalated to the Medvivo Data Protection Officer service who support this function.

WHAT IS THE RIGHT TO KNOW?

The Freedom of Information Act 2000 (FOIA) gives people a general right of access to information held by or on behalf of public authorities, promoting a culture of openness and accountability across the public sector. You can request any non-personal information that the GP Practice holds, that does not fall under an exemption. You may not ask for information that is covered by the Data Protection Legislation under FOIA. However, you can request this under a right of access request – see section above ‘Access to your information’.

RIGHT TO COMPLAIN

If you have concerns or are unhappy about any of our services, please contact the Practice Manager. Our full complaints policy is available in our website as follows: <https://www.kamp.nhs.uk/practice-information/complaints-policy/>

For independent advice about data protection, privacy and data-sharing issues, you can contact:

The Information Commissioner
Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

Phone: 0303 123 1113 Website: [Make a complaint](#) | [ICO](#)

THE NHS CARE RECORD GUARANTEE

The NHS Care Record Guarantee for England sets out the rules that govern how patient information is used in the NHS, what control the patient can have over this, the rights individuals have, to request copies of their data and how data is protected under Data Protection Legislation.

<http://systems.digital.nhs.uk/infogov/links/nhscrg.pdf>

THE NHS CONSTITUTION

The NHS Constitution establishes the principles and values of the NHS in England. It sets out the rights patients, the public and staff are entitled to. These rights cover how patients access health services, the quality of care you’ll receive, the treatments and programs available to you, confidentiality, information and your right to complain if things go wrong.

<https://www.gov.uk/government/publications/the-nhs-constitution-for-england>

LAWFUL BASIS FOR PROCESSING:

We have been commissioned by the Bath and North East Somerset, Swindon and Wiltshire Integrated Care Board (ICB) to provide a GP surgery service and it is necessary for the performance of this task in the public interest for us to process your personal data.

We will use your special categories of personal data, such as that relating to your race, ethnic origin, and health for the purposes of providing you with health or social care or the management of health or social care systems and services. Such processing will only be carried out by a health or social work professional or by another person who owes a duty of confidentiality under legislation or a rule of law.

In some circumstances, we may process your personal information on the basis that:

- it is necessary to protect your vital interests.
- we are required to do so in order to comply with legal obligations to which we are subject.
- we are required to do so for the establishment, exercise or defence of a legal claim.
- you have given us your explicit consent to do so.

The processing of personal data in the delivery of direct care and for providers' administrative purposes in this surgery and in support of direct care elsewhere is supported under the following Article 6 and 9 conditions of the GDPR:

Article 6(1)(e) '...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...';

and

Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine for the assessment of the working capacity of the employee, medical diagnosis, the provision of health or social care or treatment or the management of health or social care systems and services...'

CHANGES TO OUR PRIVACY NOTICE

We keep our privacy notice under regular review, and we will place any updates on this webpage. This privacy notice was last updated on 28-06-2024.

SCW Document Control - This document was created with reference to NHS South Central and West Commissioning Support Unit (SCW) and as such some of the Intellectual Property Rights of this document belong to SCW.

THE PRACTICE WILL SHARE PATIENT INFORMATION WITH THESE ORGANISATIONS WHERE THERE IS A LEGAL BASIS TO DO SO.

Any medical or health related personal information will be treated with confidence in line with the common law duty of confidentiality and the Confidentiality NHS Code of Practice.

We may be required to share information with organisations in order to comply with our legal and regulatory obligations. This may include:

We will not share your information with organisations other than health and social care providers without your consent unless the law allows or requires us to.

Activity	Rationale
Commissioning and contractual purposes Invoice Validation Planning Quality and Performance	<p>Purpose – Anonymous data is used by the CCG for planning, performance, and commissioning purposes, as directed in the practices contract, to provide services as a public authority.</p> <p>Legal Basis – UK GDPR 6 1(b) Contractual obligation as set out in the Health and Social Care Act for Quality and Safety 2015</p> <p>Processor – BSW CCG</p>
Summary Care Record Including additional information	<p>Purpose –The NHS in England uses a national electronic record called the Summary Care Record (SCR) to support patient care. It contains key information from your GP record. Your SCR provides authorised healthcare staff with faster, secure access to essential information about you in an emergency or when you need unplanned care, where such information would otherwise be unavailable.</p> <p>Legal Basis – Direct Care under UK GDPR:</p> <ul style="list-style-type: none"> Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine <p>The relevant COPI notice states that its purpose: “...is to require organisations to process confidential patient information for the purposes set out in Regulation 3(1) of COPI to support the Secretary of State’s response to Covid-19 (Covid-19 Purpose). “Processing” for these purposes is defined in Regulation 3(2) and includes dissemination of confidential patient information to persons and organisations permitted to process confidential patient information under Regulation 3(3) of COPI.”</p> <p>Full details of the Summary Care Record supplementary privacy notice can be found here</p> <p>Patients have the right to opt out of having their information shared with the SCR by completion of the form which can be downloaded here and returned to the practice. Please note that by opting out of having your information shared with the Summary Care Record could result in a delay to care that may be required in an emergency.</p> <p>Processor – NHS England and NHS Digital</p>
Legal NHS Resolutions	<p>Purpose – In the event of a claim made for clinical negligence it will be necessary to share data to support the claim and/or in defence of a claim. The Government’s state-backed clinical negligence scheme for general practice (CNSGP) came into operation on April 1, 2019. It covers clinical negligence liabilities arising from NHS patient care that takes place on or after that date.</p> <p>Legal Basis As directed by Department of Health and Social Care under the National Health Service Litigation Authority (Establishment and Constitution) Order 1995</p>

Activity	Rationale
	<p>Processor - Solicitor as nominated, NHS Resolution, MDDUS, MDU</p> <p>Further Information - NHS Resolution website, which provides more detail on CNSGP and what it covers.</p>
Research & Audits	<p>Purpose – We may share anonymous patient information with research companies for the purpose of exploring new ways of providing healthcare and treatment for patients with certain conditions. This data will not be used for any other purpose.</p> <p>This practice contributes to national clinical audits and will send the data, which are required when the law allows. This may include demographic data, such as date of birth and information about your health, which is recorded in coded form. For example, the clinical code for diabetes or high blood pressure.</p> <p>Where personal confidential data is shared your consent will need to be sought. Where you have opted out of having your identifiable information shared for this Planning or Research your information will not be shared.</p> <p>Legal Basis – consent is not required to share anonymous data that does not identify a patient.</p> <p>Where identifiable data is required for research, patient consent will be needed, unless there is a legitimate reason under law to do so or there is support under the Health Service (Control of Patient Information Regulations) 2002 ('section 251 support') applying via the Confidentiality Advisory Group in England and Wales</p> <p>Processor –Research organisation – this will change depending on the nature of the research, NHS Digital</p>
Individual Funding Requests	<p>Purpose – We may need to process your personal information where we are required to fund specific treatment for you for a particular condition that is not already covered in our standard NHS contract.</p> <p>The clinical professional who first identifies that you may need the treatment will explain to you the information that is needed to be collected and processed in order to assess your needs and commission your care; they will gain your explicit consent to share this. You have the right to withdraw your consent at any time, but this may affect the decision to provide individual funding.</p> <p>Legal Basis – Under UK GDPR Article 6 1(a) consent is required</p> <p>Article 9 2 (h) health data</p> <p>Data processor –Clinical Support Team (CST) in liaison with referring clinicians</p>
Safeguarding Adults	<p>Purpose – We will share personal confidential information with the safeguarding team where there is a need to assess and evaluate any safeguarding concerns.</p> <p>Legal Basis – in some case consent will be required otherwise</p> <ul style="list-style-type: none"> Article 6(1)(e) '...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...'; and Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine <p>Data Processor – Dr Anna Collings, KAMP Safeguarding Lead or those nominated by her to undertake this duty</p>
Safeguarding Children	<p>Purpose – We will share children's personal information where there is a need to assess and evaluate any safeguarding concerns.</p> <p>Legal Basis - in some case consent will be required otherwise</p> <ul style="list-style-type: none"> Article 6(1)(e) '...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...'; and Article 9(2)(h) 'necessary for the purposes of preventative or occupational medicine <p>Data Processor – Dr John Williams, KAMP Safeguarding Lead or those nominated within the policy to undertake this duty</p>
Risk Stratification –	<p>Purpose - 'Risk stratification for case finding' is a process for identifying and managing patients who have or may be at-risk of health conditions (such as</p>

Activity	Rationale
Health Risk Screening - Preventative Care	<p>diabetes) or who are most likely to need healthcare services (such as people with frailty). Risk stratification tools used in the NHS help determine a person's risk of suffering a particular condition and enable us to focus on preventing ill health before it develops.</p> <p>Information about you is collected from a number of sources including NHS Trusts, GP Federations, and your GP Practice. A risk score is then arrived at through an analysis of your de-identified information. This can help us identify and offer you additional services to improve your health. Or if the right services are in place to support the local population's needs.</p> <p>Right to Object - If you do not wish information about you to be included in any risk stratification programmes, please let us know. We can add a code to your records that will stop your information from being used for this purpose. Please be aware that this may limit the ability of healthcare professionals to identify if you have or are at risk of developing certain serious health conditions.</p> <p>Type of Data – Identifiable/Pseudonymised/Anonymised/Aggregate Data</p> <p>Legal Basis</p> <ul style="list-style-type: none"> UK GDPR Art. 6(1) (e) and Art.9 (2) (h). The use of identifiable data by CCGs and GPs for risk stratification has been approved by the Secretary of State, through the Confidentiality Advisory Group of the Health Research Authority (approval reference (CAG 7-04)(a)/2013)) and this approval has been extended to the end of September 2022 NHS England Risk Stratification which gives us a statutory legal basis under Section 251 of the NHS Act 2006 to process data for risk stratification purposes which sets aside the duty of confidentiality. We are committed to conducting risk stratification effectively, in ways that are consistent with the laws that protect your confidentiality. <p>Data Processors – Quality Assurance Team, Wiltshire ICB</p> <p>Further Information - How we use your information - Bath and North East Somerset, Swindon and Wiltshire ICB</p>
Public Health Screening programmes (identifiable) Smoking cessation (anonymous) Sexual health (anonymous)	<p>Purpose – Personal identifiable and anonymous data is shared.</p> <p>The NHS provides national screening programmes so that certain diseases can be detected at an early stage. These currently apply to bowel cancer, breast cancer, aortic aneurysms and diabetic retinal screening service. The law allows us to share your contact information with Public Health England so that you can be invited to the relevant screening programme.</p> <p>More information can be found at: https://www.gov.uk/topic/population-screeningprogrammes or speak to the practice.</p> <p>Legal Basis - Article 6(1)(e); “necessary... in the exercise of official authority vested in the controller”</p> <p>And Article 9(2)(h) Health data as stated below</p> <p>Data Processors – Wiltshire Public Health Team, Public Health England</p>
Public Health England Notifiable disease information (identifiable)	<p>Purpose – Personal identifiable and anonymous data is shared.</p> <p>Legal Basis - The law requires us to share data for public health reasons, for example to prevent the spread of infectious diseases or other diseases which threaten the health of the population. We will report the relevant information to local health protection team or Public Health England.</p> <p>Data Processors – Public Health England</p> <p>Further information - https://www.gov.uk/guidance/notifiable-diseases-and-causative-organisms-how-to-report</p>
Direct Care NHS Trusts	<p>Purpose – Personal information is shared with other secondary care trusts and providers in order to provide you with direct care services. This could be hospitals</p>

Activity	Rationale
Other Care Providers	<p>or community providers for a range of services, including treatment, operations, physio, and community nursing, ambulance service.</p> <p>Legal Basis - The processing of personal data in the delivery of direct care and for providers' administrative purposes in this surgery and in support of direct care elsewhere is supported under the following Article 6 1 (e) direct care and 9 2 (h) to provide health or social care: In some cases patients may be required to consent to having their record opened by the third party provider before patients information is accessed. Where there is an overriding need to access the GP record in order to provide patients with lifesaving care, their consent will not be required.</p> <p>Data Processors – Great Western Hospital NHS Foundation Trust, Salisbury Foundation Hospital Trust, Royal United Bath Hospital Trust, South West Ambulance Trust</p>
Care Quality Commission	<p>Purpose – The CQC is the regulator for the English Health and Social Care services to ensure that safe care is provided. They will inspect and produce reports back to the GP practice on a regular basis. The Law allows the CQC to access identifiable data.</p> <p>Legal Basis - Article 6(1)(c) “processing is necessary for compliance with a legal obligation to which the controller is subject.” And Article 9(2) (h) as stated below</p> <p>Data Processors – Care Quality Commission - http://www.cqc.org.uk/</p> <p>Further Information - More detail on how the CQC ensures compliance with data protection law (including GDPR) and their privacy statement is available https://www.cqc.org.uk/about-us/our-policies/privacy-statement</p>
Population Health Management	<p>Purpose – Health and care services work together as ‘Integrated Care Systems’ (ICS) and are sharing data in order to:</p> <ul style="list-style-type: none"> • Understand the health and care needs of the care system’s population, including health inequalities • Provide support to where it will have the most impact • Identify early actions to keep people well, not only focusing on people in direct contact with services, but looking to join up care across different partners. <p>(NB this links to the Risk Stratification activity identified above)</p> <p>Type of Data – Identifiable/Pseudonymised/Anonymised/Aggregate Data. NB only organisations that provide your care will see your identifiable data.</p> <p>Legal Basis - Article 6(1)(e); “necessary... in the exercise of official authority vested in the controller’ And Article 9(2)(h) as stated below</p> <p>Data Processors - Optum, Cerner</p>
Payments, Invoice validation	<p>Purpose - Contract holding GPs in the UK receive payments from their respective governments on a tiered basis. Most of the income is derived from baseline capitation payments made according to the number of patients registered with the practice on quarterly payment days. These amounts paid per patient per quarter varies according to the age, sex and other demographic details for each patient. There are also graduated payments made according to the practice’s achievement of certain agreed national quality targets known as the Quality and Outcomes Framework (QOF), for instance the proportion of diabetic patients who have had an annual review. Practices can also receive payments for participating in agreed national or local enhanced services, for instance opening early in the morning or late at night or at the weekends. Practices can also receive payments for certain national initiatives such as immunisation programs and practices may also receive incomes relating to a variety of non-patient related elements such as premises. Finally there are short term initiatives and projects that practices can take part in. Practices or GPs may also receive income for participating in the education of medical students, junior doctors and GPs</p>

Activity	Rationale
	<p>themselves as well as research. In order to make patient-based payments basic and relevant necessary data about you needs to be sent to the various payment services. The release of this data is required by English laws.</p> <p>Legal Basis - Article 6(1)(c) “processing is necessary for compliance with a legal obligation to which the controller is subject.” And Article 9(2)(h) ‘as stated below</p> <p>Data Processors – NHS England, CCG, Public Health</p>

This is to assist with the diagnosis, testing, self-isolating, fitness to work, treatment medical, social interventions and recovery from Covid-19.</p> <p>Legal Basis - Notice under Regulation 3(4) of the Health Service (Control of Patient Information) Regulations 2002 (COPI), which were made under sections 60 (now section 251 of the NHS Act 2006) and 64 of the Health and Social Care Act 2001.</p> <p>Coronavirus (COVID-19): notice under regulation 3(4) of the Health Service (Control of Patient Information) Regulations 2002, which were made under</p>

Activity	Rationale
	<p>sections 60 (now section 251 of the NHS Act 2006) and 64 of the Health and Social Care Act 2001 – Biobank - GOV.UK (www.gov.uk) Coronavirus (COVID-19): notification to organisations to share information - GOV.UK (www.gov.uk)</p> <p>Provider – BioBank, NHS Digital, NHS England, other organisations included in the roll out of vaccinations, treatment and care of patients suffering with Covid-19</p>
<p>General Practice Extraction Service (GPES)</p> <ol style="list-style-type: none"> 1. At risk patients' data collection Version 3 2. Covid-19 Planning and Research data 3. CVDPREVENT Audit 4. Physical Health Checks for people with Severe Mental Illness 	<p>Purpose – GP practices are required to provide data extraction of their patient's personal confidential information for various purposes to NHS Digital. The objective of this data collection is on an ongoing basis to identify patients registered at General Practices who fit within a certain criteria, in order to monitor and either provide direct care, or prevent serious harm to those patients. Below is a list of the purposes for the data extraction, by using the link you can find out the detail behind each data extraction and how your information will be used to inform this essential work:</p> <ol style="list-style-type: none"> 1. At risk patients including severely clinically vulnerable 2. Covid-19 Planning and Research data, to control and prevent the risk of Covid-19 3. NHS England has directed NHS Digital to collect and analyse data in connection with Cardiovascular Disease Prevention Audit 4. GPES Physical Health Checks for people with Severe Mental Illness (PHSMI) data collection. <p>Legal Basis - All GP Practices in England are legally required to share data with NHS Digital for this purpose under section 259(1)(a) and (5) of the 2012 Act Further detailed legal basis can be found in each link. Any objections to this data collection should be made directly to NHS Digital. enquiries@nhsdigital.nhs.uk</p> <p>Processor – NHS Digital or NHS X</p>
<p>Medication/Prescribing</p>	<p>Purpose: Prescriptions containing personal identifiable and health data will be shared with chemists/pharmacies, in order to provide patients with essential medication or treatment as their health needs dictate. This process is achieved either by face-to-face contact with the patient or electronically. Where patients have specified a nominated pharmacy, they may wish their repeat or acute prescriptions to be ordered and sent directly to the pharmacy making a more efficient process. Arrangements can also be made with the pharmacy to deliver medication</p> <p>Legal Basis: Article 6(1)(e); "necessary... in the exercise of official authority vested in the controller' And Article 9(2)(h) Health data as stated below. Patients will be required to nominate a preferred pharmacy.</p> <p>Processor – Pharmacy of choice</p>
<p>Professional Training</p>	<p>Purpose – We are a GP training surgery. On occasion you may be asked if you are happy to be seen by one of our GP registrars. You may also be asked if you would be happy to have a consultation recorded for training purposes. These recordings will be shared and discussed with training GPs at the surgery, and with moderators at the RCGP and HEE.</p> <p>Legal Basis – 6 1 (a) consent, patients will be asked if they wish to take part in training sessions.</p> <p>9 2 (a) - explicit consent will be required when making recordings of consultations</p> <p>Recordings remain the control of the GP practice and they will delete all recordings from the secure site once they are no longer required.</p> <p>Processor – RCGP, HEE, iConnect, Fourteen Fish</p>

Activity	Rationale
Telephony	<p>Purpose – The practice uses an internet-based telephony system that records telephone calls, patients will have the right to decline recordings of calls as is their individual right. The calls will be held on the external server for a duration of 3 years unless requested for them to be removed sooner. The telephone system has been commissioned to assist with the high volume and management of calls into the surgery, which in turn will enable a better service to patients.</p> <p>Legal Basis – While there is a robust contract in place with the processor, the surgery has undertaken this service to assist with the direct care of patients in a more efficient way.</p> <p>Article 6(1)(e); “necessary... in the exercise of official authority vested in the controller’ And Article 9(2)(h) Health data as stated below</p> <p>Provider – Surgery Connect – X-ON</p>
