

medi2cert
by medi2data

The UK's leading firearm and shotgun
medicals online service.

ABOUT US

Medi2cert's services are designed to streamline and accelerate the process of acquiring your firearms medical certificate.

With an increased number of applications, alongside GPs struggling to find the time or resource to produce firearms medical certificates, our service is paramount for those seeking a fast and efficient means of getting the correct paperwork in order.

HOW DOES IT WORK?

Go to our website, www.medi2cert.co.uk.

Fill in the **Info Capture Form**.

Pay the invoice (**£90 inc. VAT**).

We will collect your full medical records under a **SAR (Subject to Access Request)** on your behalf.

Our **dedicated team of GPs** will produce your firearms medical certificate.

The completed firearms medical certificate will be sent to you as well as your GP Practice and Police Constabulary/Firearms Department.

We work in good faith to handle your request in **less than a week** to ensure your Firearms Certificate Application gets addressed promptly.

WHY MEDI2CERT?

We have a team of specialists who will advise and guide you in all aspects of your application.

Whether this involves completing the firearms application form, acquiring you complete medical history from your GP, or obtaining/renewing your licence, we're here for you.

To make the process even quicker, we have our own team of GPs that issue medical certificates for gun licences.
