This is a guide to the Publication Scheme for Bodriggy Health Centre as required by the Freedom of Information Act 2000.

### **PART ONE: INTRODUCTION AND BACKGROUND**

#### **1. Introduction**

Welcome to the Publication Scheme for Bodriggy Health Centre

This Publication Scheme is a complete guide to the information routinely made available to the public by our general practice as required by the Freedom of Information Act 2000. It is a description of the information about our General Practitioners and Practice, which we make publicly available. The Publication Scheme will be reviewed at regular intervals and we will monitor its effectiveness.

#### **2. Your Rights to Information**

- a) The Freedom of Information Act 2000 recognises that members of the public have the right to know how public services are organised and run, how much they cost and how the decisions are made.
- b) From January 1<sup>st</sup> 2005 it will oblige the General Practice to respond to requests about information that it holds, and is recorded in any format and it will create a right of access to that information. These rights are subject to some exemptions, which have to be taken into consideration before deciding what information it can release.
- c) In addition to being able to obtain the information identified in the Publication Scheme, you are also entitled to request information about our General Practice under the **NHS Openness Code 1995**.
