

Fees for Private Work

The Practice is able to offer the following private services to patients, however these services are not part of our NHS work and therefore fees apply. Please note we do not offer any concessions to charities or volunteers.

Forms and reports will not be completed until after full payment is received. Full payment must be made upon booking for medical examinations.

We will aim to process your request within 4 weeks but this will depend upon GP workload.

The fees below are for statements of fact. If a professional opinion is required a further 20% will be added to this. Please be aware that there may be circumstances when we are unable to provide an opinion.

For further information on why GPs charge fees for some work please look on our website or ask reception for a printed copy.
