[saffron.davies@nhs.net/](mailto:saffron.davies@nhs.net) (01905) 520555

Free goodie bags to take home!

Refreshments provided!

Enter the raffle to win
prizes!

Have a tour of the lovely building!

The aim of this event is to raise awareness of people with a learning disability within the clinical setting here, but also for the women who attend the event to learn how to minimise their risks of breast cancer and to increase attendance in mammograms for people with LD.

Full address of venue:

**The Breast Unit
Worcestershire Royal Hospital
Charles Hastings Way
Worcester
WR5 1DD**

There is ample parking directly outside the entrance.

When entering the Worcestershire Royal Hospital site, follow signs for the Charles Hastings Education Centre and the Breast Unit – the barrier to the Charles Hastings car park will be open, go through the barrier and follow signs for the Breast Unit around to the left.

Refreshments are provided free of charge.

Volunteers for the unit will be holding stalls selling gifts and keepsakes that they make to raise money for breast cancer care so bring spending money if you would like to donate to this wonderful service.

The event will be limited to numbers for safety reasons, so please let us know if you are coming.

If the ladies you support require a quieter space, or may be anxious in the busy reception area, please contact us on receipt of this invitation so that we can tailor your visit on the day to individual need.

The gardens will be open to enjoy so bring suitable clothing/ mobility aids etc.

We really encourage everyone to attend, however you feel about Breast screening – it always proves to be a lovely day in lovely company and we so look forward to meeting you!!!
