

## What's New This Spring?

We have recently rolled out Patient Triage implemented by NHS England. This involves patients completing an online request form for appointments. The reasoning behind the triage system is that we can filter out patients who can now be referred to community pharmacies, i.e. ear problems, coughs and colds etc. The Patient Triage system aims to ensure we have the capacity to see the patients who do need to see a GP and is based on the severity of their symptoms.

## Covid Vaccines

From the end of April we will be operating Covid Vaccine clinics.

We will be sending out text messages for eligible patients to self book into our clinics.

Please visit our website for full eligibility criteria.

## NHS HEALTH CHECK

### Are you aged 40-74?

The NHS Health Check is a check-up for adults in England. It can help spot early signs of stroke, kidney disease, Type 2 Diabetes and Dementia?

Book an appointment online with one of our Nurses/HCAs via the NHS app or contact the surgery on 01922 622212 to book your appointment.
