

# Palfrey Health Centre Patient Notice

As of 06.07.2020 Palfrey Health Centre has changed the procedure for accepting acute medication requests. We will no longer be accepting acute medication requests from any pharmacy. Requests must come from the patient directly and the prescription form below must be filled in. This can be found by the front entrance of the practice and must be put in the prescriptions box located outside. You can also order your medication using E-Consult via [www.palfreyhealthcentre.co.uk](http://www.palfreyhealthcentre.co.uk).
