## Changes at the practice...

The practice partnership team since November 2014 is Dr Pieske, Dr Hussain and Dr Jones.

We have recruited extra receptionists, and increased telephones to make it easier to contact us.

The practice has several Advanced Nurse Practitioners in training – strengthening our workforce.

Appointments available are a mix of pre-bookable and same day.

- Pre-book in person, by telephone or using the online service.
- Same day appointments open from 8am

The practice is open 8am – 6pm Monday to Friday

- evening appointments until 8pm Monday and Wednesday

Our Patient Participation Group meets regularly – we have been listening to their views and working on their suggestions. New members are always welcome.
