

### **3. Well Being Nurse**

Most Tuesdays the Well Being Nurse comes into the Practice. These appointments are made via the Well Being Nurse and GP Referrals only.

---

### **4. Community Wellbeing**

Twice a week the Community Wellbeing Officer comes into the Practice. The Community Wellbeing Officer can provide personalised 1-to-1 support and/or group interventions to improve your wellbeing

Please speak with a member of Reception who can book an appointment for you.

# Other Services

## Patient Information Leaflet

Other services who provide clinics from within St Pauls Health Centre

**Grove House Practice & Heath Road Surgery**

## Other Services

In order to provide a better, more comprehensive service to our patients, we have a number of other primary care staff who provide clinics and services from within St Pauls Health Centre, but are not employed by the Practice. This leaflet gives details of these services.

**Some of these services are provided through the Community clinic. Their reception is based to the left of the main entrance and they deal with the following services:**

### Midwives

Most of the routine care and checks for pregnant women are carried out at the surgery by fully trained midwives. For your first appointment with the midwife (if you have not been referred by the GP) you need to complete a self referral form for midwifery services, these are available at the Practice's reception. Once completed please pass back to our receptionists and the midwife will contact you with your first appointment date. All future appointments will be booked via your midwife direct.

## Family Planning Clinics

Sexual Health Clinics at St Paul's Health Centre have been relocated to Halton Hospital.

Access Sexual Health—01928 753217

***Please note that many of these services are also available during normal working hours through the Grove House Partnership nursing team (please see the 'Practice Nurse clinic' leaflet).***

### Health Visitor

The Health Visiting Team is also based within the building. This team provides care and advice for children and parents.

Some of the services the Health Visitors offer are:

- Baby weigh and advice
- Ongoing reviews and Development checks
- 6 Week development checks
- Birth Visit
- Weaning advice
- Potty training

**For further information and appointments please phone:**

**01928 564612**

## Other services within St Pauls

### Health Centre are:

#### 1. Physiotherapist

Once a week the physiotherapist holds a session. These appointments are only available when your GP has referred you for physiotherapy or you have self referred. These appointments are usually booked for you by Halton Hospital physiotherapy department.

---

#### 2. Phlebotomist

You are able to have your blood tests done every day at the surgery by making an appointment.

#### **The clinics run:**

##### Monday—Friday:

8.35am - 9.55am

10.30am—12.20pm

13.00pm—14.20pm

**The 8.35am - 9.55am appointment slots are normally reserved for fasting blood tests.**

Please speak with a member of Reception who will book an appointment for you.
