Section 1: Introduction

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- Publish the classes of information they make routinely available
- Tell the public how to access the information and what it might cost

Newland Medical Practice has adopted the Model Publication Scheme 2014 produced by the Scottish Information Commissioner. The scheme has the Commissioner's approval until 31 May 2018.

You can see the model publication scheme on the Commissioner's website at www.itspublicknowledge.info/mps or by contacting us at the address provided below.

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class
- state what charges may be applied
- explain how you can find the information easily.
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published.

Under our contract of services with the Lothian Health Board we are obligated to meet the requirements of this contract and must provide information to support this to the NHS board. The practice is audited by Practitioners Services Division under Payment Verification processes which assess that payments made to practices are correct. PSD is responsible for providing assurance to NHS boards that the payments made on their behalf to GP practices are accurate and valid. The work conducted under Payment Verification includes patient registration checks, documentary checks, trend analysis, and practice visits.

General practitioners have a duty of care to their patients and are registered with the General Medical Council and follow the standards and good medical practice guidelines laid down by the GMC, including the requirements set out in the GMC guidance *Duties of a Doctor* (http://www.gmc-uk.org/guidance/good_medical_practice/duties_of_a_doctor.asp).

Section 3: Our functions and services

NHS Boards contract with GP practices to provide primary care services to patients. Newland Medical Practice holds a General Medical Services contract with NHS Lothian. Under this contract we provide primary medical services to patients that reside within our practice area Bathgate and Torphichen.

GP contractors Dr J M McCallum, Dr J Mitchell, Dr N J Duffy, Dr K L Jefferies, Dr S Muir hold the contract for services with the NHS board and are responsible for fulfilling the obligations of the contract. The General Medical Services (<http://www.legislation.gov.uk/ssi/2004/115/made>) Regulations outline our responsibilities under our contract. "The payment arrangements under our contract are contained in the GMS: Statement of Financial Entitlements (the current year's SFE can be found on the NHS Scotland website (<http://www.show.scot.nhs.uk/publications/publication.asp>))".

This practice aims to take account of NHS Quality and Improvement Scotland standards and guidance, Scottish Intercollegiate Guidelines Network (SIGN) guidelines relevant to general practice, and Scottish Government Health Directorates service strategies and frameworks.

Under our contract with NHS Lothian we provide a range of services to our patients, including: General primary medical services, child health surveillance, contraceptive services, maternity medical services, immunisation services, palliative care enhanced service, drug misuse services, family planning. We also provide speech therapy, dietetic, baby clinics, psychiatric, counselling, parent craft, community paediatrics, audiology, health promotion clinics, disease management clinics, cervical cytology, etc. It is important to note that this range of services may be subject to change and may not always be available.

Your Personal Health Information

To provide you with the care you need, we hold the details of your consultations, illnesses, tests, prescriptions and other treatments that have been recorded by everyone involved in your care and treatment e.g. G.P, Health Visitor, Practice Nurse. This information may be stored on paper or electronically on computer files by practice staff.

We sometimes disclose some of your personal health information with other organisations involved in your care. For example, when your GP refers you to a specialist at the hospital we will send relevant details about you in the referral letter and receive information about you from them. Our practice also participates in regional and national programmes such as the cervical cytology screening service and your name and address, date of birth and health number will be given to them in order to send an invitation to you.

We need to use some of your personal health information for administrative purposes. In order to receive payment for services provided to you, we have to disclose basic details about you to the NHS Board responsible for this area and to the Common Services Agency for the Scottish Health Service. These organisations have a role in protecting public funds, and are authorised to check that payments are being properly made. We are required to co-operate with these checks and the disclosure of your data is a necessary part of our provision of healthcare services.

Sometimes, we may participate in studies that are designed to improve the way services are provided to you or to check that our performance meets required standards and benchmarks. Whenever we take part in activities such as these we will ensure that as far as possible any details that may identify you are not disclosed.

We are sometimes involved in health research and the teaching of student nurses, doctors and other health professionals. We will not use or disclose your personal health information for these purposes unless you have been informed beforehand and given your consent for us to do so.

Where you need a service jointly provided with a local authority we will seek your permission before giving them your details.

Sometimes we are required by law to pass on information e.g. the notification of births and deaths and certain diseases or crimes to the government is a legal requirement.

Our use of your personal health information is covered by a duty of confidentiality, and is regulated by the Data Protection Act. The Data Protection Act gives you a number of rights in relation to how your personal information is used, including a right to access the information we hold about you.

Everyone working for the NHS has a legal duty to keep information about you confidential and adheres to a Code of Practice on Protecting Patient confidentiality. Further information on this can be found at www.nhs.uk/confidentiality. Anyone who receives information from us is also under a legal duty to keep it confidential.

If you have any queries or concerns on how we use your personal health information, or would like to access your information, please contact our Practice Manager.

Newland Medical Practice is a training practice.

Interpreter services are provided by NHS Lothian who currently have a contract with Big Word. This is a telephone interpreter service and is arranged by the practice.

Patients can access our services by phoning or coming into the practice between 8am and 6pm. Our practice leaflet has more information on this.

Section 4: How we take decisions and what we have decided

We are a democratic practice and any decisions made are discussed and agreed with the appropriate personnel. We have regular meetings to ensure this happens i.e. management meetings, clinical management meetings, prescribing meetings, staff meetings and educational sessions.

We welcome patient feedback and constructive suggestions.

Patients are involved in our decision making process as we review and take into account their comments from national patient surveys and also we review all complaints annually.

We use our website, newsletters and leaflets to communicate with our patients as well as asking for their involvement when needed.

We made the decision to sign up for Enhanced Services as this improves patient care.

Significant decisions made by the partnership which may affect patients e.g. changes to the appointments systems, prescribing etc are publicised on the practice website, in the practice newsletter and on notices in the practice.

Please see *Section 14 – Classes of information* for further details.

Section 5: What we spend and how we spend it

Newland Medical Practice receives funding from NHS sources to provide NHS services to patients. We do not charge patients for NHS services. Details of our NHS funding can be requested from the practice, please see *Section 14 – Classes of information* for further details.

All information covered by our guide to information will be processed promptly and provided as soon as possible following our receipt of your request.

Our aim in maintaining this guide is to be as open as possible. You should note, however, that there may be circumstances where information will be withheld from one of the classes of information listed in *Section 14 – Classes of Information*. Information will only be withheld where permitted by The Freedom of Information (Scotland) Act 2002 (FOISA).

Information may be withheld, for example, where its disclosure would breach the law of confidentiality or harm an organisation's commercial interests. Information may also be withheld if it is another person's personal information, and its release would breach data protection legislation.

Information would not be disclosed in the following examples:

- Requests for information that is contained in patient medical records. However, you do have the right to request your own medical records, see *Section 13 - How to access information which is not available under this scheme*.
- Requests for information relating to private income of practice partners or practice staff
- Requests for financial information that would likely prejudice substantially the commercial interests of any person

Additionally, section 25 of FOISA provides an absolute exemption which allows our practice to refuse to deal with a request where the requested information is already reasonably obtainable elsewhere, even where a fee may be charged. Information provided in the publication scheme is considered reasonably obtainable.

Whenever information is withheld we will inform you of this, and will set out why it was not appropriate for that information to be disclosed. Even where information is withheld it may, in many cases, be possible to provide copies with the withheld information edited out.

If you wish to complain about any information which has been withheld from you, please refer to *Section 10 – Complaints*.

Again, these rights are subject to certain exceptions or exemptions.

Should you wish to request a copy of any information that we hold that is not available under this scheme, please write to Practice Manager, Newland Medical Practice.

Charges for information which is not available under the guide

The charges for information which is available under this guide are set out under Section 8 – Our Charging Policy. Fees for information that is not available under this guide are outlined in The Freedom of Information (Fees for Required Disclosure) (Scotland) Regulations 2004. General information requests

- There will be no charge for information requests which cost us £100 or less to process.
- Where information costs between £100 and £600 to provide you may be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50, calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.
- We are not obliged to respond to requests which will cost us over £600 to process.
- In calculating any fee, staff time will be calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.
- We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. Charges may be made for locating, retrieving and providing information to you.
- In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges for environmental information

We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released.

In the event that we decide to impose a charge we will issue you with notification of the charge and how it has been calculated. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges are calculated on the basis of the actual cost to the authority of providing the information.

- Photocopying is charged at 10p per A4 sheet for black and white copying, 30p per A4 sheet for colour copying.
- Postage is charged at actual rate for first class mail.
- Staff time is calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.

Where information costs between £100 and £600 to provide you will be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be

asked to pay £50 calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.

Where it would cost more than £600 to provide the information to you, however, we will ask you to pay the full cost of providing the information, with no waiver for any portion of the cost.

While you cannot request personal data under the FOISA you are entitled to request your own personal data under the DPA. Under the DPA you can request your personal information from Newland Medical Practice. We reserve the right to charge a maximum of £50 for requests for an individual's own personal information.

Section 14 – Classes of information

The Freedom of Information (Scotland) Act, 2002 requires a publication scheme to specify the classes of information the Public Authority already publishes or intends to publish. Our intention is to publish as much information as possible through our guide to information, where there is known to be public interest. However, exemptions under the Freedom of Information (Scotland) Act, 2002 may allow us to withhold some information, as indicated in *Section 7: Information that we may withhold*.

We publish information that we hold within the following classes:

Class 1: About Newland Medical Practice

Class 2: How we deliver our function and services

Class 3: How we take decisions and what we have decided

Class 4: What we spend and how we spend it

Class 5: How we manage our human, physical and information resources

Class 6: How we procure goods and services from external providers

Class 7: How we are performing

Class 8: Our commercial publications

Once information is published under a class we will continue to make it available for the current and previous two financial years.
