

Expediate Hospital Appointment Request

Patient Name		EMIS No.	
Date			
Date of Referral			
Referring GP			
Speciality			
Do you feel the condition you were referred with has deteriorated?	Yes	No	
If you do feel the condition, you were referred with has deteriorated, please provide a brief explanation of your worsening symptoms.			
If your condition has not deteriorated, please state the reason why you feel your appointment needs to be expedited.			

All hospitals display their current average waiting times for an appointment on the My Planned Care website. Please navigate to www.myplannedcare.nhs.uk for the latest wait times.

PLEASE NOTE: Unfortunately, due to the demand on hospital appointments and waiting times, we are unable to write to expedite an appointment purely based on the duration you have been on the waiting list. The hospital will send you the first available appointment as soon as it is able to.

The Next Step

This request will be passed directly to the hospital. They will review your request and decide on the most appropriate appointment date.

Please note following this decision your GP will not be able to change this outcome.
