GREATER MANCHESTER TENANTS UNION

Through **collective action**, we fight to get our members' deposits back, fix urgent repairs and win compensation from negligent landlords.

If you're a member **or would like to join** and you have a housing problem you'd like to work on with the union, **contact us** and we'll get back to you as soon as we can with info about your issue and the next meeting where you can meet other renters and get support.
