How to use Livi

- 1** Contact your practice for more information on Livi GP appointments
- 2** Your practice will explain how Livi works and advise if a video appointment is appropriate for you
- 3** Your practice will be able to book an appointment at a time that suits you

The service is helping improve access to healthcare every day

Here's what Livi patients have to say...

"I'm a full-time carer for my dad with dementia. Travelling to look after Dad meant I couldn't get to my usual doctor's surgery. But the Livi app made such a difference for me because I could actually access healthcare."

Rebecca ★★★★★

"I'm a teacher, being able to have an appointment the same-day was so convenient. I had the appointment in my break at work, it saved me so much time. I was surprised by the care I could get from my phone, with my referral sorted the same day."

Tafari ★★★★★

"As you can imagine, having multiple complex conditions means I'm back and forth to the doctors all the time. I felt like a nuisance. That's when I discovered video appointments. Now, all I have to do is open the app and I get to see a doctor face-to-face on the same day, without even having to leave my flat."
