## Application for exemption to Practice Policy

### Practice Policy applying to be exempt from: Methods of ordering repeat Prescriptions

This policy is in place to ensure that patients confirm, in writing, which repeat medication they require, when they require it. Currently, the approved methods of requesting repeat medication are:

- |  |  |
|--|--|
| 1. Online, at the practice website –<br><a href="http://www.nevillefmc.com">www.nevillefmc.com</a> | 4. By post (via the postal service, or by dropping the request in to the post box on the front of the Surgery) |
| 2. In person, here at the Surgery  |  |
| 3. Via a pharmacy who offer a collection service   |  |

Certain patients fall into an exemption category, which means they can order repeat prescriptions over the phone.

Below is an application form for you to hand into the reception staff, and the request will be considered by the Doctors and the management team as to whether you are eligible to become exempt from this particular practice policy.

Once a decision has been reached, you will be informed, either over the phone, or in writing regarding the outcome of your application.
