

PHYSICIAN ASSOCIATE AT SILVERDALE

- ▶ SILVERDALE NOW HAVE A PHYSICIAN ASSOCIATE.
- ▶ A PA (physician associate) is 'a new healthcare professional who, while not a doctor, works to the medical model, with the attitudes, skills and knowledge base to deliver holistic care and treatment within the general medical and/or general practice team under the supervision of the GP.
- ▶ Physician associates can perform a valuable role as part of the extended primary care team. There is scope for them to take some pressure off GPs by performing some defined clinical tasks.
- ▶ Lewis Veale is our Physician Associate and he works very closely with the clinicians to ensure you receive a high standard of care.
