

Highland HIV Consultation Group (HHCG)

Email: hhcg@email.com

Text: 07392905294

The Highland HIV Consultation Group (HHCG) is a group of HIV positive people who live in the Highlands and Islands and access services provided by NHS Highland. Working proactively with service providers we aim to ensure HIV services meet the needs of the people they are provided for and to represent the collective voice of all HIV positive people and service users across the region and within the wider Scottish and U.K. community.

The HHCG is open to any HIV service user living with HIV in the Highlands of Scotland. If you would like to get involved or contribute to the group come long to one of our monthly meetings or if you prefer drop us an email or send us a text with your views and comments. The group meets every second month on the third Wednesday of each month in Inverness, please email the group for dates and venue.

The HHCG is aware that some HIV service users are very private people and would not wish to be identified. The group would never pass on personal or identifiable information unless given written consent from the service user. If you email us but do not wish a reply please state this clearly in your email.
