---

Dear Patient

We would like to welcome you to the Practice.

We would be grateful if you could complete the new patient registration questionnaire as accurately as possible. If you are currently on any medication, please either hand in your repeat prescription reorder form from your previous Practice or provide details in the appropriate section of the registration form. It is very important that all medication being taken is accurately listed. **If you require medication urgently, please ensure you highlight this to our reception staff when handing in your forms.**

By signing the registration form, you are consenting to your medical records being shared with any health professionals that may be providing your medical care.

The registration form asks you for various methods of communication such as mobile telephone numbers and email addresses. By providing these, you are consenting to the Practice being able to contact you via text regarding upcoming and review appointments.

If you have a long term condition, we would ask that you make an appointment with our Health Care Assistant to have a new patient check within one month of registering with us.

We would like to point out that it can take some time for your records to reach us from your previous practice.

To learn more about the surgery, please visit:  
**<http://www.practicebooklet.co.uk/nairn>**

We thank you for taking the time to provide this information.
