

Extended access service

We recognise that sometimes it is not easy to see us during working hours.

The aim of the extended service is to offer a greater range of appointments for routine problems. The types of problems that can be seen by the extended access service are like those that can be pre-booked during normal working hours.

Extended access services offer appointments with a variety of clinicians including GP's, ANP'S, Nurse's, Health Care Assistants, Physiotherapist's, Pharmacists and Healthy Mind Practitioners.

Extended access opening hours

Saturday: 8am - 2pm

Sunday: 8am - 12pm

Extended access venue

Some of the extended access services are virtual and will be conducted via telephone, face to face appointments will be at New Cross Surgery, Stone brig Lane, Leeds. LS26 0UE
