Safeguarding Children & Young People

We are here to help keep every child safe

What is Child Safeguarding?

Safeguarding means protecting children from abuse or neglect and helping them grow up safely and well

If you are ever worried about a child's safety or wellbeing, please speak up – even small concerns can make a big difference

What is Child Sexual Exploitation (CSE)

CSE happens when a child or young person is tricked, pressured, or forced into sexual activity – often in exchange for things like attention, money, or gifts

It's never the child's fault. Help is available.
