### Flu vaccine Eligibility-

Pregnant Women, Children Aged 2-3

Patients Aged 65

Those 18-64 in clinical risk groups

Care Home/Residential Patients.

**Book your Appointment Today!**

### Expansion of the NHS Pharmacy Emergency Contraception Service

The Pharmacy Contraception Service (PCS) has now been rolled out to most community pharmacies in the area, meaning women can get the contraceptive pill directly from their local pharmacist — no GP appointment needed. Pharmacists will also be carrying out the usual yearly pill check-ups to make sure everything stays on track.

To find local Pharmacies offering this service,

Visit -[www.Nhs.uk/service-search/sexual-health-services](http://www.Nhs.uk/service-search/sexual-health-services)
