

Locala launches new 0-19 app for parents and carers in Kirklees

Locala's [0-19 service](#) is excited to announce the launch of a brand-new app designed to support parents, carers and families across Kirklees from pregnancy through to the teenage years.

The 0-19 team is made up of a range of professionals, including Health Visitors, Child Development Practitioners, Infant Feeding Specialists and School Nurses.

The newly launched app is the go-to guide for parenting in Kirklees. Whether you're expecting your first baby or supporting a 17-year-old through the challenges of their teenage years, the app puts trusted, local health information right at your fingertips.

Topics covered include:

- Antenatal care
- Child development
- Behaviour support
- Dental health
- Immunisations

More than 650 people have already downloaded the app and feedback has been highly positive. We'd love to hear from you too – at Locala, your feedback – whether it's a compliment, suggestion, concern, or complaint—plays a vital role in shaping better care for families now and in the future.

Download the app now for free:
