

BROMLEY MEADOWS SURGERY NEWSLETTER

Breast Awareness Event

In April, Dr Peddie and Rachel Barrett held an information evening in the surgery to raise awareness of breast health. They discussed various different conditions and how to manage them, as well as a demonstration of self examination techniques. We hope that those who attended found this useful. We are hoping to arrange further education sessions in future which will be advertised in reception. If you have any suggestions of topics for future discussions please let us know.

Staff News

New Reception Staff

Welcome to Nicola and Julie the newest members of our Reception Team.

Our fabulous Receptionist Ashleigh welcomed a beautiful baby boy at Easter. Congratulations !

Dr. Gabriella Hayden is doing a Sky Dive in aid of Bolton Hospice. She is certainly braver than the rest of us. If you wish to donate, please see us at reception.

Bolton Hospice relies on our donations because government funding only covers a fraction of their costs. Without our generosity they could not continue to provide their care.

And every donation, of any size will have a real impact on the care they offer and the difference they make in people's lives.

Contact your GP practice online

Fill out a simple online form to get advice and treatment within 2 working days.

To use this service go to our website www.egertonanddunscarhealthcentre.nhs.uk on the home page where it says Contact your GP practice online. This is also where you would request a sick note when required.

CQC rating

Outstanding ☆

Care Quality Commission (CQC), the independent regulator of health and adult social care in England. They make sure health and social care services provide people with safe, effective, compassionate, high-quality care and they encourage care services to improve.

What the NHS App does

- **order repeat prescriptions** – see your available medicines, request a new repeat prescription and choose a pharmacy for your prescriptions to be sent to.
- **book appointments** – search for, book and cancel appointments at your GP surgery, and see details of your upcoming and past appointments.
- **check your symptoms** – search trusted NHS information and advice on hundreds of conditions and treatments, and get instant advice or medical help near you.
- **register your organ donation decision** – choose to donate some or all of your organs and check your registered decision.
- **find out how the NHS uses your data** – choose if data from your health records is shared for research and planning.
- **view parts of your GP record** – including information about medication, allergies, vaccinations, previous illnesses and test results.

If you're a patient at our practice you can use the new NHS App, a simple and secure way to access a range of NHS services on your smartphone or tablet. For more information go to www.nhs.uk/nhsapp
