

## TRAVEL VACCINATIONS

You don't always need vaccinations if you are travelling abroad. It will depend on where and when you are travelling and what activities you plan to do. For more information, please visit:

- **Travel Health Pro** – <https://travelhealthpro.org.uk/countries>
- **National Travel Health Network and Centre** – [www.nathnac.org](http://www.nathnac.org)
- <https://www.nhs.uk/vaccinations/travel-vaccinations/travel-vaccination-advice/>

We only supply the following vaccines free of charge on the NHS:

- Typhoid
- Hepatitis A
- Diphtheria, Tetanus & Polio
- Cholera

You may need to arrange other vaccines at a private travel clinic.
