DOVE MEDICAL

PPG GROUP

We're looking for patients who want to share ideas, give feedback, and help improve the care we provide. You don't need to attend every meeting – just bring your voice and help us shape a better service for everyone.

www.dovesurgery.co.uk

What is a PPG?

The Patient Participation Group (PPG) is a team of volunteer patients who work closely with the practice to:

- Strengthen the link between patients and staff
- Provide feedback to help improve care
- Promote better understanding of NHS services
- Share ideas for practice development
- Support health awareness and education efforts

Why Join the PPG?

By getting involved, you help shape the care we deliver. We're looking for patients from all backgrounds to represent the diversity of our community and ensure everyone's voice is heard. You don't need to commit lots of time – even just a few minutes to share your views can make a difference!

17 What's Involved?

- Quarterly meetings (in person or online)
- Occasional surveys or feedback opportunities
- Helping review practice materials and communications
- Supporting health campaigns and events

You can contribute as much or as little as you like!

Our Vision

- We want our PPG to grow into a dynamic, inclusive group that helps shape real change. With your help, we aim to:
- Improve communication with patients
- Tailor services to real needs
- Increase health promotion in the community
- Strengthen trust between staff and patients
