

PRIVATE FEES to be Paid by Patients

All requests for Non-NHS Work will incur a charge. There will be a minimum of a 28-day turnaround for all letter/form requests for completion by the GP.

All payments to be paid upfront once confirmation has been received from the GP that they are able to help with the request.

Patients that are not happy to pay for a letter can complete a SAR (Subject Access Request) of their records. They will need to complete the relevant form and we have up to 28 days to do this.

Patients requesting copies of Blood Test/X-ray results should be encouraged to sign up for online services where they are able to view and print any results from February 2023 otherwise an SAR request will need to be completed.
